

We're Hiring Social Workers

Vancouver Coastal Health

Vancouver Coastal Health (VCH) Social Work services are provided in a variety of settings such as acute care, rehabilitation, mental health, and community outreach services and support all age groups including infants, children and youth, adults and older adults. You can choose a cutting-edge teaching and academic centre in which leading technology, advanced practice and research go hand-in-hand; or practice in a small community where your broader skills are fully utilized. You'll find challenges in specialized programs from Primary to Tertiary Care.

Meet Our Team

"For the individuals that I have the honour of working with, they are the centre of my work. They are the teacher, the expert in their plan to move forward with their lives. Every day there's a new challenge and a new skill to learn."

-Justin, Social Worker
