SYLLABUS STATEMENT

Integration of theory and practice within the context of the field practicum

COURSE DESCRIPTION

This course provides students with an opportunity to integrate theory and practice. The purpose of this course is to foster the linkage between practicum experiences with existing and new skills, knowledge and values derived from experiences and social work coursework. The course provides students with an opportunity to foster professional development and make connections between thinking, feeling and action, in relation to social work.

Students will be expected to a) be present and prepared to discuss practicum experiences using knowledge about various aspects of social work knowledge and theory, b) critically reflect upon their own and others' practice experiences, c) engage in a collaborative learning process, d) demonstrate competence in their ability to identify, apply, critique, and evaluate theories and conceptual frameworks while in their practice setting.

Students will participate in collaborative discussions regarding professional issues, practice situations, and ethical dilemmas. While critically reflecting on experiences in practicum, students are encouraged to integrate knowledge and skills from the generalist practice framework into their own developing practice framework.

Prerequisite(s): All required 300 level Social Work courses

Program Level Learning Outcomes

This course is designed to support students to achieve a number of core learning objectives outlined in the Canadian Association for Social Work Education Core Learning Objectives for Students Accreditation Standards. The standards can be found here:

LEARNING RESOURCES

REQUIRED TEXTBOOKS AND/OR READINGS

Readings will be assigned by the instructor and/or shared among students via D2L.

LEARNING TECHNOLOGIES AND REQUIREMENTS

Web Delivery

This course is entirely web-based, delivered through Desire2Learn (D2L) and Zoom Meeting platforms. There will be assignments that require you to access video creation tools.

Desire2Learn

D2L is a course management system that will allow us to share resources, complete related learning activities, and connect with each other via the discussion board and Zoom.

Zoom sessions:

Zoom meeting is an audio-visual, web-based program that will allow us to meet at a specific time for a "live" web conference, so that we can have the opportunity to see and talk to each other virtually and discuss relevant issues. In the Zoom sessions, students can expect to share ideas, give feedback and raise issues as they relate to their own practicum experience and that of their peers, and have the opportunity to process experiences from the field in a safe and instructional environment.

Discussion Board

Online discussion in D2L is a key aspect of our learning in this course. The advantage of the discussion board is that it is asynchronous, that is, we can all contribute at a time that is convenient to each of us. We will participate in exploration of key field practicum themes (as outlined in the practicum learning agreement), case discussions, as well as discussion and debate relating relevant practice.

A D2L site is set up for this course, which contains required readings and other relevant class resources and materials. A laptop, desktop or mobile device with Internet access, microphone and speaker is required for D2L and Zoom access.

Confidentiality in Class and Course Assignments

As professionals, students and the instructor will respect the guidelines of confidentiality outlined in the CASW Code of Ethics (2005). We will take care that no information that could identify a client of any service system be used in class meetings or in assignments. We will adhere to the policy that issues introduced in the seminar will be discussed in only general, not in particular ways outside the classroom.

RELATIONSHIP TO OTHER COURSES

The emphasis of SOWK 411 is on practice, that is, social work in action. Because students are expected to apply knowledge, skills and values to specific situations, this course can be related to all other BSW courses. The seminar is taken in conjunction with and is directly linked to Practicum (SOWK 410).

Assignment #1: Introduction

Part A: Due September 14 (in class)
Part B: Due September 28
Weight: 10%

The intent of this assignment is to engage in reflective practice, to demonstrate authenticity in locating oneself, while engaging in building a mutually collaborative and brave communal learning virtual space.

Part A: In D2L, post a written introduction of yourself. Reflect on what brought you to social work and what you hope to learn. This will be done as an in-class assignment. Describe and reflect on your social location, personal values and interest in social work. Articulate your learning needs and how you hope to achieve this learning in your placement. The post should be ~250 words.

Part B: In D2L, post a 2-3 minute digital story introducing yourself. Integrate your learnings about visual storytelling. Reflect on what brought you to social work and what you hope to learn.   Describe and reflect on your social location, personal values and interest in social work. Articulate your strengths, your growth in placement, and your learning needs. Reflect on how you are integrating your classroom and practice skills, in your placement. Articulate how you hope to achieve continued learning in your placement. More information on this assignment will be shared in class.

Aligns with PLO 1,5.

Assignment #2: Integrating Theory & Practice (ITP) loop

Part A: Due October 12
Part B: Due October 16
Part C: Due October 19
Weight: 15%

The intent of this assignment is to foster engagement in critical reflection on and in practice, through the use of the ITP Loop model and peer consultation. The ITP Loop Model provides a process for social workers to deconstruct their practice and break it down into its component parts. Practice is a fusion of listening, feeling, thinking and acting, in which all these processes occur simultaneously. What may first appear to be intuitive can be carefully taken apart and analyzed, with the goal of improving field education experiences and social work practice. The ITP Loop Model supports a reflective process that moves beyond surface recall, and encourages linkages between personal and professional responses.

Part A: ITP Loop Process and Write Up: Each student will apply the ITP Loop to a practicum experience and post a write-up in the discussion forum in D2L. The posting should be made up of the following sections: retrieval, reflections, linkage, professional response, and two questions for peers that encourage critical reflection and reflexivity. The write up should be approximately 500 to 750 words in length.

Please post directly onto the discussion board rather than attaching a document. Detailed information will be provided in class.

Part B: Responding to Others: Students are expected to offer helpful, supportive and resourceful consultation and feedback to their peers by responding to at least two other ITP Loop postings. Each response should be approximately 200 to 250 words. The responses will be assessed based on length and depth of response (i.e. illustrative of critical reflection and integration).

Part C: Integration of peer consultation: Reflecting on and integrating the feedback of peers is an important part of the reflective process. Shifts in thinking, new ideas and insights which arise from peer collaboration can enrich and bolster reflections about practice and the integration of personal and academic knowledge. The final integration should be approximately 200 to 250 words.

Aligns with PLO's 1, 2,3,4,5,6,8,9, 10.

Assignment #3: Personal practice reflection and presentation

Part A: Due November 30
Weight: 35%

Part B: Presentations
 Due November 30 or December 7 (in class)
Weight: 20%

Part A: Digital story or Infographic or short paper (6 pages): The purpose of this assignment is to ensure that students use critical reflection in building their social work identity, as they form the beginning of their professional practice framework. Analysis of how practice is influenced by one's personal context, values and experiences is a key component of this assignment. Articulation of key aspects of chosen theoretical approaches (minimum 2) and linking these choices to your practice and professional identity is also a critical aspect of this assignment.

Part B: Presentations of the video/infographic/paper: Presentations should be approximately 10 minutes in length, with an additional 5 minutes for class questions, feedback and discussion. Students will include:
•   Sources informing your practice (theories, approaches, literature)
•   Your social location and identity in practice
•   Emerging strengths for practice and gifts you offer the profession
•   Reflection on future learning or practice

Paper:
1. In a word document, integrate the components outlined above in 6 double spaced pages. Submit via dropbox in D2L.
2. Summarize your paper in a presentation **Or** Visual representation:

1. Utilizing your own creativity or a technology-based design program, symbolize the above noted points in a video or infographic. Requests for other visual representations will be considered. Submit via dropbox.
2. Present your visual representation.

Aligns with PLO's 1,2,3,4,5,6,8,9,10.

Assignment #4: Course participation

Due date: Ongoing
Weight: 20%
The participant grade awards you marks for your dedication to being an active learner in the different components of the course. The participation grade will be allocated based on your ongoing participation in zoom sessions/class discussions. Zoom session attendance is mandatory. We will be using the BRAVING acronym to guide our learning, and you are encouraged to participate fully by using the engaged feedback format. These concepts will be reviewed in class. Sharing new ideas, giving feedback and raising issues related to your field experience is encouraged. Participation may also include facilitating or co facilitating small group collegial discussions during Zoom sessions.

Aligns with PLO's 1,2,3,4,5,6,8,9.
