<b>REVISED CLASS SCHEDULE/DELIVERY</b>	
<p>For the last 3 classes, class will be delivered as follows:</p> <ul style="list-style-type: none"><li>• I will provide a PowerPoint for each class with some voice over (I think I can make that work), additional notes, embedded videos, case studies and reflection questions for you to review at a time that is convenient. I want to ensure you have flexibility as we deal with childcare issues and other complications.</li><li>• I will set up one discussion board for each class where people can chose to ask questions about the topic or class content if they have any.</li><li>• I will also set up one discussion board that you must make a post on. <b>I will link this to the course participation mark.</b> I will amend the participation rubric to reflect this expectation and post it on D2L. Remember that for the course participation mark you are doing a self-assessment and complete the questions on the rubric. You will have from Friday morning to Wednesday at midnight to make your post.</li><li>• You will be expected to continue your weekly assigned reading.</li><li>• We have one final paper left to write and that will continue with no change.</li></ul> <p>We also have the ability to connect via Zoom s if any of you want to talk or connect in a more personal way.</p>	
<b>REVISED ASSESSMENTS</b>	
<p><b>Final Paper – Due April 10</b> Unchanged</p> <p><b>Participation Rubric – NOW DUE April 8</b> See amended self-assessment rubric posted on D2L that you must fill out and submit via Drop Box.</p>
