#### SYLLABUS STATEMENT

Integration of theory, research applications/evaluation and professional practice in the student's area of specialization; and preparation of a capstone exit requirement.

#### **COURSE DESCRIPTION**

This course provides students with an opportunity to integrate theory and practice – that is, to link knowledge, skills and values derived from MSW coursework and past experiences with social work practice experiences in the practicum setting (SOWK 660). Students will participate in collaborative discussions regarding professional issues, practice situations, ethical dilemmas, and the application of theory to practice. Students are encouraged to provide constructive feedback and consultation to peers, and to participate collectively and collaboratively in furthering their learning and promoting professional development. Emphasis will be placed on integration of research, theory and social work practice with personal and professional development. Students will be expected to: 1) present and discuss practice experiences from their practicum settings; 2) critically reflect upon their own and others' practice experiences; 3) engage in a collaborative learning process; 4) demonstrate competence in their ability to identify, apply, critique, and evaluate theories and conceptual frameworks to practice situations; and 5) apply learnings from advanced social work practice and specialization courses to their practice and practicum experiences.

The Integrative Seminar will also introduce or re-introduce key social work themes with a focus on application to social work practice and to students' practicum experiences. These themes relate to the five practice objectives of Advanced Practicum (SOWK 660) and include: 1) diversity and Indigenous contexts; 2) oppression and social justice; 3) professional identity and self-care; 4)

theoretically informed and evidence-based practice; 5) program and practice evaluation; 6) facilitating and advocating for change; and 7) articulating a professional model of practice.

Finally, throughout the eight months of seminar, students will be building an electronic integrative portfolio (EIP) that will serve as the capstone project or final exit requirement of the MSW program. The EIP is described further in the *assignments* section, below.

Co-requisite: This course is taken concurrently with SOWK 660, Advanced Practicum.

## ADDITIONAL CLASSROOM CONDUCT AND RELATED INFORMATION

#### **GUIDELINES FOR ZOOM SESSIONS IN ONLINE CLASSES**

Students are expected to participate actively in all Zoom sessions. If you are unable to attend a Zoom session, please contact your instructor to arrange an alternative activity for the missed session (e.g., to review a recorded session). Please be prepared, as best as you are able, to join class in a quiet space that will allow you to be fully present and engaged in Zoom sessions. Students will be advised by their instructor when they are expected, if they are able, to turn on their webcam (for group work, presentations, etc.). All students are expected to behave in a professional manner during the session.

## MEDIA RECORDING FOR ASSESSMENT OF STUDENT LEARNING

The instructor may use media recordings as part of the assessment of students. This may include but is not limited to classroom discussions, presentations, clinical practice, or skills testing that occur during the course. These recordings will be used for student assessment purposes only and will not be shared or used for any other purpose.

## ZOOM RECORDINGS OF ONLINE CLASSES

The instructor may record online Zoom class sessions for the purposes of supporting student learning in this class – such as making the recording available for review of the session or for students who miss a session. Students will be advised before the instructor initiates a recording of a Zoom session. These recordings will be used to support student learning only and will not be shared or used for any other purpose.

#### ASSESSMENT COMPONENTS

#### Assignment 1: Participatory Activities (10%) – Ongoing over the semester Aligned Course Learning Outcome: 1, 2, 3, 4, 5,

Through class discussion, reflective exercises and self-directed learning activities, students will have the opportunity to process their practicum experiences (individually and in groups), reflect upon their own professional development, and explore the relationships between theory, research and practice. Participatory activities may include, but are not limited to, developing a self-care plan, writing and discussing Integration of Theory and Practice (ITP) loops, creating a social action plan, and completing a critical thinking module. Active engagement and participation in the integrative seminar activities and Zoom sessions is an expectation.

## Assignments 2-5: Capstone Project: Electronic Integrative Portfolio (EIP)

Within this course, the Integrative Electronic Portfolio (EIP) is the key demonstrative project for the MSW and represents an articulation of praxis. Praxis, which is knowledge as action, is informed by the integration of critical reflection/theory, learning, practice/experiences, and evaluation/assessment. This portfolio will demonstrate a student's journey through the MSW program, showing the evolution in their approaches to practice throughout the period of the MSW study. Learnings from the classroom, assignments, the scholarly literature, practicum, positionality and other experiences are integrated and summarized in order to achieve the capstone objectives as stated in this course outline.

Students will create or "build" the EIP throughout the Integrative Seminar. In other words, the seminar assignments, outlined below, will each form key components of the EIP. Students will receive a grade and feedback on most individual components and are encouraged to use this feedback to further refine each component in preparation for the final presentation of the EIP at the end of the course/program.

Every student will build a personal website as the organizing platform for their EIP. Major components of the website/EIP will be as follows:

- Introduction: Who am I? (Assignment 2)
- Practice Foundations (Assignment 2)
- Personal Model of Practice (Assignment 3)
- Case Study & Evaluation Plan (Assignment 4)
- Key Learnings (Assignment 5)
- Future Goals (Assignment 5)

As part of the final component of the EIP, students will share and present the final electronic integrative portfolio to a small panel of instructors and their peers on March 31 and April 7, 2020. Please see Assignment 5 below for further details.

In addition to the academic and critically reflective pieces that students will be completing through their assignments, students are encouraged to add selected artifacts to the EIP, such as pictures, music, art, particularly relevant assignments or articles, or other artifacts. These artifacts will compliment and add depth to the written components and contribute to a creating a website that is both dynamic and engaging.

Students must pass all individual assignments, including the final assignment and presentation (Assignment 5), in order to pass the course and successfully complete their MSW program.

## Assignment 2: Introduction & Practice Foundations (20%) – Due Sunday, October 13, 2020 Aligned Course Learning Outcome: 1, 3, 4

Introduction - Students will introduce themselves and reflect on the life journey and values that led them to social work and to the MSW Program. Questions to reflect on for this section include: Who am I? What is my identity or how do I position myself in the world? What values and beliefs are

important to me? What led me to social work? What were my goals coming into the MSW program? What are my practice interests?

Practice foundations – Students will discuss their professional identity and social work practice foundations in relation to their values, the Code of Ethics, social justice, Anti-Oppressive Practice (AOP), and MSW specialization. Questions to reflect on for this section include: Who am I as a social worker? How does this relate to who I am and what I believe in personally? What is my worldview? What values and beliefs guide my practice? How does the Code of Ethics guide my practice? How do I understand issues of power, oppression and diversity? What does social justice mean to me? How does AOP relate to my social work practice?

Length - 1500-2000 words (6-8 pages)

## Assignment 3: Personal Model of Practice (20%) – Due Sunday, December 13, 2020 Aligned Course Learning Outcome: 1, 2, 3

Students will present a personal model of practice that is grounded in theory and evidence, and relevant to their MSW specialization. Students will: 1) articulate their model of practice and identify relevant theories central to their model; 2) introduce each relevant theory and demonstrate a solid understanding of these (e.g., main tenets of each theory, key theorists and works); 3) present some evidence for the use of their model of practice for clinical practice in general and/or in practice contexts relevant to their specialization, including limitations or potential limitations of the model. <u>A minimum of 8 references will be used to support this assignment.</u>

Questions for reflection and planning include: Which theories or approaches ground my social work practice? How do these relate to each other, to who I am and to my social work practice foundations? How do these relate to my practice specialization and areas of interest? What do these theories propose? Who are the main theorists and/or what are the seminal works in this area and what are their contributions? What are some of the benefits and limitations of this approach? What research evidence supports my model of practice in my specialization or area of interest?

Length – 1500-2000 words (6-8 pages double spaced).

# Assignment 4: Case Study & Evaluation Plan (25%) – Due Sunday, February 28, 2021

Aligned Course Learning Outcome: 1, 2, 3

In this assignment, students will have an opportunity to demonstrate their ability to integrate theory, research and practice through the application of their personal model of practice (articulated in Assignment 3) and development of a practice evaluation plan.

This assignment presents an actual "case study" involving a situation the student encountered in their practice, either in the Advanced Practicum (SOWK 660) or in other recent practice. The case must relate to the student's specialization (e.g., clinical practice) and substantive area of focus (e.g., child mental health) in which the student has developed specialized knowledge during the MSW program. In the clinical specialization, the "case" may be an individual, couple, family or group. The case may be an actual case from practice (if consent is obtained) or represent a composite of cases (if consent is

not obtained). It may include a description of how the student worked with the case presented, and/or how the student may have worked differently in hindsight.

This assignment builds on Assignment 3 by providing an opportunity for the student to demonstrate their personal model of practice "in action" through application to a practice situation. Students will also have an opportunity to demonstrate their understanding of applied research concepts through developing a brief evaluation plan for their proposed intervention.

The following headings are suggested as guidelines:

- 1. Introduction Introduce the case by briefly describing the context and why you selected this particular case for this assignment.
- 2. Case description Provide a full description of the case, including relevant background and the key problem, question or issue for analysis.
- 3. Analysis of the Case Briefly summarize your personal model of practice from Assignment 3. Using this personal model of practice, what is your assessment, understanding or analysis of this case, problem or practice situation?
- 4. Proposed intervention Based on your case assessment, understanding or analysis, what is your actual or proposed intervention or approach to address this case, problem or practice situation? How does this intervention or approach align with your model of practice?
- 5. Evaluation plan How would/did you evaluate the effectiveness of the intervention in your case study? Briefly describe the proposed evaluation purpose/question(s), research approach (e.g., quantitative/qualitative/mixed methods), methodology, rationale and methods.
- 6. Transference and Counter Transference in the work
- 7. What role did clinical supervision play in the evolution of the work with this client?
- 8. Final reflections Reflect on your own challenges/strengths during your work with this case, problem or practice situation. What have you learned about the integration of theory, research and practice? How will you apply these learnings to your future practice?

Length – 2500-3000 words (10-12 pages double spaced).

All reference material must be clearly cited and a reference list must be included with the assignment. Criteria for grading will also include clarity, organization of content, effectiveness of communication (clarity, grammar, vocabulary, punctuation, and presentation), the use of relevant literature, and adherence to APA 7<sup>th</sup> edition style for citing and referencing materials.

# Assignment 5 – Final EIP Development & Capstone Presentation (25%) – Due: EIP website to be posted to D2L by Saturday, 17 April 2021 Capstone Presentations will be scheduled on 22 and 23 April 2021 (presentation schedule TBA) Aligned Electronic Integrative Portfolio (EIP) Learning Outcome: 1,2,3,4,5,6,7

Students will develop the final two components of the EIP, then integrate the different components and artifacts into the website for final submission by Saturday, 17 April 2021:

#### Developing Final EIP Components – Key Learnings & Future Goals

Key Learnings – Students will reflect broadly on their learning journey over the course of their MSW degree program and its impact on their social work identity/practice. Students will articulate critical learning moments and insights reached during the MSW program, including key learnings from coursework in advanced social work practice, specialization courses and practicum/seminar. Questions for reflection include: What critical learnings from particular courses stand out to me? What moments during the program have been most meaningful to me? Who or what has been most influential to my growth and development? Meaningful artifacts for this section include transformative assignments, pictures of influential books/people, or links to meaningful resources.

Future Goals – Students will demonstrate a commitment to their continued growth and development by identifying goals for future learning and professional development. Questions for reflection include: What's next for me as I look forward to being an MSW practitioner? What projections, dreams, intentions and aspirations do I have? What are areas for continued exploration, growth and professional development?

## Final EIP Submission – Due: To be posted to D2L by 17 April 2021

Students will integrate the final two components of their EIP with all previous components in order to create the entirety of the EIP project for final submission. The final EIP Project will have the following sections:

- Introduction: Who am I? (Assignment 2)
- Practice Foundations (Assignment 2)
- Personal Model of Practice (Assignment 3)
- Case Study & Evaluation Plan (Assignment 4)
- Key Learnings (Assignment 5)
- Future Goals (Assignment 5)

Students may also add additional sections to the EIP that may be meaningful to them. As stated above, students are also encouraged to add selected artifacts to their final EIP submission, such as pictures, music, art, particularly relevant assignments, or other artifacts. These artifacts will compliment and add depth to the written components and contribute to creating a website that is dynamic and engaging.

#### Capstone Presentations on 22 and 23 April 2021

Students will be scheduled for a 20-minute presentation (10-minutes for student presentation of website and 10 minutes for questions from a panel) present their EIP to a small panel of 2-3 instructors and/or social work practitioners. Panelists will provide feedback and a recommended grade to the course instructors, who will then finalize the grade for this assignment. Panelists will review the EIP as a whole, but will not re-grade components of the EIP that have already been graded. Instead, they will focus on: 1) the two new components added to the EIP; 2) the overall alignment, integration and presentation of the different components and artifacts presented; and 3) the oral presentation.

A more detailed grading rubric will be posted to D2L.

#### ADDITIONAL ASSESSMENT AND EVALUATION INFORMATION

#### ATTENDANCE AND PARTICIPATION EXPECTATIONS

Students are expected to attend the Integrative Seminar Zoom sessions and to be fully present and engaged in class activities and discussions. A rich exchange of ideas is a key element of the learning process in this class. It is expected that students will prepare in advance for each class and participate in all learning processes through thoughtful, respectful contributions.

Please make every effort to have a private space, free from disruption to attend Zoom lectures. This supports your focused presence and respects the focus and attention of your colleagues in the course.

#### **GUIDELINES FOR SUBMITTING ASSIGNMENTS**

All assignments are to be submitted electronically through the D2L Dropbox at or before the date and time as specified in the course outline. If no time is stipulated, assignments are due before midnight on their due date.
