SYLLABUS STATEMENT

Direct and indirect Social Work practice opportunities with professional supervision in student's area of specialization.

COURSE DESCRIPTION

SOWK 660, Advanced Practicum, is intended to offer practical and supervised opportunities to develop students' existing social work knowledge and skills to an advanced specialized level. The purpose of this course is to provide advanced level opportunities for development, integration, and reinforcement of competence through performance in actual service situations and to foster the acquisition of knowledge, values and skills relevant to emerging conditions of social work practice. Together with the Integrative Seminar (SOWK 662), the practicum promotes integration of research, theory and practice together with the student's social work identity.

Refer to the Field Education Policy Manual for additional information relating to the field practicum, including policies, procedures, and roles/responsibilities of all involved. The Manual is available at: https://socialwork.ucalgary.ca/sites/default/files/student%20ucalgary-field-education-manual-feb-2020_0.pdf

Co-requisite: This course is taken concurrently with SOWK 662, Integrative Seminar.

LEARNING RESOURCES

REQUIRED TEXTBOOKS AND/OR READINGS

There are no required readings for this course. In conjunction with their Field Instructor(s), students are encouraged to develop a list of readings and online resources to support their particular area of practice in their placement. Students are encouraged to incorporate this reading list into their Learning Agreement.

Students are required to be familiar with the information found in the Field Education Policy Manual and IPT Information booklet, which are available at:

https://socialwork.ucalgary.ca/sites/default/files/student%20ucalgary-field-education-manual-feb-2020_0.pdf

https://socialwork.ucalgary.ca/sites/default/files/Field_Education/2017-ipt-instructions-booklet.pdf

LEARNING TECHNOLOGIES AND REQUIREMENTS

A computer or mobile device with Internet access, microphone and speaker is required for Zoom or Teams meetings with the student, Field Instructor and Faculty Liaison. Phone meetings can be conducted if needed.

RELATIONSHIP TO OTHER COURSES

The Advanced Practicum provides an opportunity for students to apply classroom learning to social work practice. Therefore, this practicum is related to all other MSW courses. The practicum is taken concurrently with and is directly linked to the Integrative Seminar (SOWK 662).

PRACTICUM STRUCTURE AND IMPORTANT INFORMATION

Each student has a Field Instructor(s) who provides orientation to the field setting, assigns and directs practice activities, provides supervision and opportunities for integrating theory with social work practice, and evaluates the student's progress and learning.

Students are assigned a FSW Faculty Liaison, or instructor-of-record, for the practicum course. The Faculty Liaison consults as needed with students and Field Instructor(s). They usually meet with the student and Field Instructor(s) at least twice (by Zoom, phone, or face-to-face if in Calgary), typically once during the fall semester and once during the winter semester. Your Faculty Liaison will also be the instructor for SOWK 662, Integrative Seminar.

PRACTICUM HOURS

Students are generally in practicum for a minimum of 500 hours starting in the fall term.

In response to the COVID-19 pandemic, the Canadian Association of Social Work Education has made recommendations to 42 schools of social work in Canada about how to best support students in field

education throughout the pandemic. This includes the possibility to reduce the number of hours students need to complete in practicum to 75% (minimum of 375 hours) of the usual hours required, if circumstances related to the COVID-19 pandemic require this consideration. The decision on whether the 500+ hour requirement can be reduced will be made by the practicum agency and field instructor in consultation with the Faculty of Social Work. Refer to the Faculty's policy related to reducing practicum hours if this is something you are considering requesting. A copy of this policy can be requested from your Field Education Coordinator.

At any point students may contact the field education coordinator they have been working with if they have specific pandemic-related concerns about the number of practicum hours they are required to complete. Once practicum begins, students may work with their faculty liaison if they have exceptional circumstances related to the pandemic that would merit a discussion with their field instructor and agency to consider a reduction in hours based on compassionate grounds (such as the student or their dependent becoming ill with COVID-19). Please be advised that reductions in hours will not be provided in order to accommodate employment commitments or personal vacations as this is not the intention of the guideline around the reduction. Consistent with the Canadian Association for Social Work Education's guidance, we encourage the full 500+ hours to be completed whenever possible as dedicating this time in practicum will best support you in maximizing your learning experience.

SCHEDULE AND ATTENDANCE

See the schedule below for important practicum dates. A specific practicum schedule is to be negotiated with the field instructor/agency, approved by the faculty liaison, and documented in the IPT system.

The student's time in practicum is spent according to the particular requirements of the setting and the learning needs of the student but must be consistent with the student's area of specialization (Clinical practice).

Students are not expected to attend practicum when they are ill. In the event of illness, please contact your agency Field Instructor(s) as soon as possible to inform them that you will not be at your practicum due to illness. For more extended absences from practicum (more than 2 days), please contact your Faculty Liaison as well. Students are responsible for arranging with the agency a convenient time to fulfill the remainder of the practicum hours to complete the course requirements.

EDUCATIONAL SUPERVISION

Educational supervision is an integral part of the field practicum as it provides opportunities (2 hours per week or 1 hour per 15 hours of practicum) for reflection, review, instruction and feedback. Students are expected to prepare for and participate fully in the supervision, according to the requirements of the Field Instructor. This may be structured as individual and/or group sessions directed by your Field Instructor and/or others depending on your placement. Educational supervision includes:

- a. Instruction: integration of knowledge, values and skills with practice situations
- b. Supervision: case management and case / project supervision
- c. Feedback: on progress and professional development
- d. Other: instructional seminars/workshops as might be available

INTEGRATIVE SEMINAR (SOWK 662)

The integrative seminars are designed to promote collaborative learning, peer consultation and integration of research, theory and practice. Students discuss professional issues and practice problems while critically reflecting on experiences in the practicum. The context is collaborative, as students engage in furthering each other's learning and professional growth and development. Seminar attendance and participation is crucial and expected. Refer to the SOWK 662 course outline for further details.

ASSESSMENT AND EVALUATION IN PRACTICUM

Evaluation of students in practicum is considered an on-going process intended to highlight the student's strengths and learning needs. The assessment of the student's educational needs and progress in practicum are formally articulated at the beginning, middle and end of the placement. Evaluation processes and policies for SOWK 660 are detailed in the Field Education Policy Manual available online at:

https://socialwork.ucalgary.ca/sites/default/files/student%20ucalgary-field-education-manual-feb-2020_0.pdf

Briefly, these include:

1. **Learning Agreement:** (to be completed in IPT using the Learning Agreement Form) During the first 3 weeks in practicum, the student, in consultation with the Field Instructor and Faculty Liaison, develops a provisional plan for professional development toward achieving each of the learning outcomes of SOWK 660. The Learning Agreement is intended to help the student develop a personal learning plan. The educational activities specified should be clear and measurable. Although the student is expected to coordinate and provide an initial draft, responsibility for completing the Learning Agreement is shared by the student, Field Instructor and Faculty Liaison. The Learning Agreement is to be negotiated, documented and signed by all parties. It should be reviewed as part of the evaluation and may be revised as needed. A meeting with the student, Field Instructor and Faculty Liaison will be scheduled to discuss the Learning Agreement.
2. **Mid-course Evaluation Report:** (to be completed in IPT using the Learning Agreement Form) At approx. the halfway point of the practicum, the student, Field Instructor and Faculty Liaison provide online ratings and comments regarding the student's progress to date on the activities described in the Learning Agreement. If desired, the student's progress is discussed during a mid-course evaluation meeting with the student, Field Instructor and Faculty Liaison. A determination regarding whether the student is meeting or failing to meet practicum requirements at mid-course is made. Minimum achievements for meeting practicum requirements are included in the Field Education Policy Manual.
3. **Final Evaluation Report:** (to be completed in IPT using the Learning Agreement Form) At the end of the practicum, the student, Field Instructor and Faculty Liaison provide online ratings and comments regarding the student's progress in achieving the learning activities described in the Learning Agreement. A determination regarding whether the student has met or failed to meet practicum

requirements is made. Standards for meeting practicum requirements are included in the Field Education Policy Manual. At the end of the practicum the student's progress is discussed during a final evaluation meeting with the student, Field Instructor and Faculty Liaison.

The student is advised to keep an electronic or hard copy of the signed IPT Learning Agreement upon completion of the practicum.

GRADING

The Faculty Liaison, as instructor-of-record, has final responsibility for assigning grades. Students receive a CR (Completed Requirements) or F (Fail) for this course. The grade assigned by the Faculty Liaison is guided by the Field Instructor's final evaluation of the student's achievement in practicum.

Concerns regarding a student's performance in practicum at any point in either semester may result in the student being identified as at-risk for failing the practicum. Policies and procedures for at-risk situations are detailed in the Field Education Policy Manual.

Students who do not receive a CR (Completed Requirements) grade in the field practicum course may be required to withdraw from the program. A student who is permitted to repeat the practicum normally will be required to repeat both the practicum course (SOWK 660) **and** the corresponding Integrative Seminar (SOWK 662).

COURSE EVALUATION

Students will have the opportunity to provide an evaluation of the Faculty Liaison and the field placement at the end of the winter term.

While critical thought and debate is valued in response to concepts and opinions shared in class, feedback must always be focused on the ideas or opinions shared and not on the person who has stated them.

Students and staff are expected to model behaviour in class that is consistent with our professional values and ethics, as outlined in the Canadian Association for Social Workers, Code of Ethics (2005) and the Alberta College of Social Work Standards of Practice (2019).
