SYLLABUS STATEMENT

Integration of theory, research applications/evaluation and professional practice in the student's area of specialization; and preparation of a capstone exit requirement.

COURSE DESCRIPTION

This course provides students with an opportunity to integrate theory and practice – that is, to link knowledge, skills and values derived from MSW coursework and past experiences with social work practice experiences in the practicum setting (SOWK 660). Students will participate in collaborative discussions regarding professional issues, practice situations, ethical dilemmas, and the application of theory to practice. Students are encouraged to provide constructive feedback and consultation to peers, and to participate collectively and collaboratively in furthering their learning and promoting professional development.

Emphasis will be placed on integration of research, theory and social work practice with personal and professional development. At the Master's level, students are leaders within the social work profession. Discussions will also focus on contributing to the profession and the body of knowledge.

Students will be expected to: 1) present and discuss practice experiences from their practicum settings; 2) critically reflect upon their own and others' practice experiences; 3) engage in a collaborative learning process; 4) demonstrate competence in their ability to identify, apply, critique, and evaluate theories and conceptual frameworks to practice situations; and 5) apply learnings from advanced social work practice and specialization courses to their practice and practicum experiences.

The Integrative Seminar will also introduce or re-introduce key social work themes from previous practice core and specialization courses with a focus on application to social work practice and to students' practicum experiences. These themes relate to the practice objectives of the Advanced

Practicum (SOWK 660): 1) values, ethics and professional identity; 2) international/community development practice; 3) collaborative practice; 4) facilitating change; and 5) diversity, oppression and social justice.

Finally, throughout the eight months of seminar, students will be building towards their capstone project and final exit requirement of the MSW program. The capstone assignment is described below.

Co-requisite: This course is taken concurrently with SOWK 660 A & B, Advanced Practicum.

COURSE LEARNING OUTCOMES

Upon completion of this course, students will (be able to):

1. Identify, apply and reflect on their developing social work knowledge, values and skills, particularly in the context of Advanced Practicum and in the areas of: equity, diversity and inclusion; Indigenous contexts; oppression and social justice; professional identity and self-care; theoretically informed and evidence-based practice; program and practice evaluation; facilitating and advocating for change; and articulating a professional model of practice;
2. Critically assess social work practicum and practice experiences through reflection, discussion, peer consultation and constructive feedback;
3. Reflect on their practicum learning goals, and their growth/development towards reaching these goals, with reference to specific shifts in their thinking and practice;
4. Participate actively in class discussions and work collaboratively and collectively with other students in furthering learning and professional development.
5. Demonstrate the ability to create respectful, open, and safe learning environments which ensure that each student has a voice, and everyone is treated with respect and dignity.

Upon completion of the Capstone, students will (be able to):

1. Articulate their professional identity and social work practice foundations in relation to their values, the Code of Ethics, social justice, Anti-Oppressive Practice (AOP), and MSW specialization;
2. Make connections between their personal and professional identities and values and their social work identity and practice;
3. Present an approach to practice that is grounded in theory and evidence and relevant to their MSW specialization;
4. Demonstrate the application of their model of practice and applied research concepts through a case study from practicum or from their practice, including a proposed evaluation of an intervention;
5. Articulate critical learning moments and insights reached during the MSW program, including key learnings from coursework in advanced social work practice, specialization courses and practicum/seminar;
6. Reflect broadly on their learning journey over the course of their MSW degree program and its impact on their social work identity/practice; and,

- Demonstrate a commitment to their continued growth and development by identifying future goals for continued learning and professional development.

LEARNING RESOURCES

REQUIRED TEXTBOOKS AND/OR READINGS

There are no required readings for this course. In conjunction with their Field Instructor(s), students are encouraged to develop a list of readings and online resources to support their particular area of practice in their placement. Students are encouraged to incorporate this reading list into their Learning Agreement.

LEARNING TECHNOLOGIES AND REQUIREMENTS

A D2L site is set up for this course which contains suggested readings and other relevant class resources and materials. A laptop, desktop or mobile device with Internet access, microphone and speaker is required for D2L and Zoom access.

RELATIONSHIP TO OTHER COURSES

The emphasis of SOWK 662 is on linking theory, research and practice; and the application, integration and demonstration of knowledge gained in advanced social work practice and specialization courses to social work practice and practicum. Therefore, this course relates to all other MSW courses. The seminar is taken concurrently with and is directly linked to Advanced Practicum (SOWK 660).

ADDITIONAL CLASSROOM CONDUCT AND RELATED INFORMATION

EQUITY, DIVERSITY, INCLUSION AND RECONCILIATION

The Faculty of Social Work (FSW) is committed to promoting and actualizing equity, diversity, inclusion and reconciliation. We affirm that diversity and differences are enriching and valuable, and that they can strengthen our teaching, learning, research, and community connections. We aim to foster an inclusive, thriving environment for our students, staff, postdoctoral fellows, and community members. We acknowledge systemic inequities and compounded disadvantages due to intersectionality of social locations particularly for those who are members of the racialized, Indigenous peoples, disability and 2SLGBTQ+ communities, as well as those who have experienced socioeconomic, caregiving, religious, cultural barriers to their education. We recognize, honour and integrate into our work diverse perspectives, experiences, and strengths. <https://socialwork.ucalgary.ca/about/about-faculty/equity-diversity-and-inclusion>

GUIDELINES FOR ZOOM SESSIONS IN ONLINE CLASSES

Students are expected to participate actively in all Zoom sessions. If you are unable to attend a Zoom session, please contact your instructor to arrange an alternative activity for the missed session (e.g., to review a recorded session) for your best learning experiences. Please be prepared, as best as you are able, to join class in a quiet space that will allow you to be fully present and engaged in Zoom sessions. Students will be advised by their instructor when they are expected, if they are able, to turn on their webcam (for group work, presentations, etc.). All students are expected to behave in a professional manner during the session.

ZOOM RECORDINGS OF ONLINE CLASSES

The instructor may record online Zoom class sessions for the purposes of supporting student learning in this class – such as making the recording available for review of the session or for students who miss a session. Students will be advised before the instructor initiates a recording of a Zoom session. These recordings will be used to support student learning only and will not be shared or used for any other purpose.

ASSESSMENT COMPONENTS

Assignment 1: Participatory Activities (15%)

Due date: Activities - Ongoing over the semester; Learning folder submission and reflection due March 17 by 11:59pm (submit to the assignment dropbox in D2L)

Aligned course learning outcomes: 1-5

Students will have the opportunity to process their practicum experiences, individually and in groups, during the integrative seminar. This will include synchronous and asynchronous discussion, reflective exercises, and assigned activities. These opportunities will enable students to reflect on their own professional development; their values and ethics; and explore the relationships between theory, research, and practice. Activities may include, but are not limited to, examination of their social location

and impacts, the development of a self-care plan, writing a social action letter, program evaluation, and writing and discussing Integration of Theory and Practice (ITP) loops.

Students will collect artifacts from their participatory activities in a learning folder that will be submitted to the assignment dropbox in D2L. For the submission of the learning folder, students will write a 750 - 1000 word final summary reflection of what they have learned about themselves through these activities and discuss how these learnings impact them personally and professionally.

Assignment 2: Theories for Practice (20%)

Due Date: November 4 by 11:59pm (submit to the assignment dropbox in D2L)

Aligned Course Learning Outcomes: 1, 2 & 3

Students will identify and present a minimum of 2 theoretical approaches to social work practice, relevant to their practice and/or MSW specialization. Students will: 1) articulate the relevancy of these theories to social work practice; 2) introduce each relevant theory and demonstrate a critical understanding of these (e.g., main tenets of each theory, key theorists and works); 3) present evidence for the use of these theoretical approaches for social work practice in general and/or in practice contexts relevant to their specialization, including limitations and critiques of the theories.

Questions for reflection and planning include: Which theories or approaches ground my social work practice? How do these relate to each other? How do these relate to my practice specialization and areas of interest? What do these theories propose? Who are the main theorists and/or what are the seminal works in this area and what are their contributions? What are the limitations and critiques of this approach, within the literature and in practice? What research evidence supports these theoretical models/approaches in my specialization or area of interest? How do they promote socially just outcomes?

Length – 1500-2000 words (6-8 pages double spaced, not including references). Attention to the current and relevant scholarly literature required.

Assignment 3: Integration of theory to practice - Case Study (30%)

Due Date: January 27 by 11:59pm (submit to the assignment dropbox in D2L)

Aligned Course Learning Outcomes: 1, 2 & 3

The purpose: In this assignment, students will have an opportunity to demonstrate their ability to integrate theory, research, and practice through the application of a theoretically informed approach to practice.

The concept:

Students will present an actual “case study” (could also be conceptualized as a ‘problem’ or practice issue) involving a situation encountered in their practice, either in the Advanced Practicum (SOWK 660) or in other recent practice. The case will relate to the area of focus in which the student has developed substantive or specialized knowledge during the MSW program and will allow the student to demonstrate and rationalize the application of a particular theoretically informed approach (drawn from Assignment 2).

The “case” may be defined differently depending on the specialization and orientation, and might be an individual, couple, family, group, community, organization or other. The “case” may be an actual

case from practice (if consent is obtained) or represent a composite of cases (if consent is not obtained).

The paper will also provide an overview of how the student worked with the case presented, and/or how the student may have worked differently in hindsight. The student will clearly demonstrate ways in which their practice strategies and/or interventions were grounded in the theoretical frameworks germane to their substantive areas of practice. Students should identify noted gaps between theory and practice. The student's knowledge of the problem area and application of an intervention approach should typically be critiqued from a social justice/anti-oppressive perspective including reflection on the impact of self in social work practice. As in real life, the case does not need to represent the "perfect" application of theory to practice.

The following headings are suggested as guidelines:

1. Introduction - Introduce the context within which the problem situation or case exists, why you selected this particular case for the assignment, and its relevance for social work.
2. Case description - Provide a brief description of the case, including relevant background context and the key area of concern, questions, or issue for analysis.
3. Theoretically grounded analysis of the "case"- critically describe and analyze the theoretical knowledge base related to the substantive practice area(s) associated with the "case. How do the theoretical perspectives identified in Assignment 2 help advance your understanding of the issues of concern? How do they inform your interventions?
4. Intervention - Based on your case assessment, understanding and analysis, describe and critique your actual (or hypothetical) practice interventions or approach to the case. What "worked" and what didn't? What gaps between theory and practice did you observe? What alternative interventions may be applicable?
5. Conclude the paper by discussing your personal and professional learnings, including whether any held biases were challenged. Consider also how you will apply your learning to your future clinical practice.

Length – 2500-3000 words (10-12 pages double spaced, not including references, APA 7th formatting).

Assignment 4: Program evaluation plan (15%)

Due Dates: February 17 by 11:59pm (submit to the assignment dropbox in D2L)

Aligned course learning outcomes: 1 & 2

Students will submit a plan to evaluate the intervention described in Assignment 3 - How did/could you or your organization evaluate the effectiveness of the intervention in your case study? Briefly describe the proposed evaluation purpose/question(s), research approach (e.g., quantitative/qualitative/mixed methods), methodology, rationale and methods. Include reflection on any social justice issues that may arise.

Assignment 5: Capstone Oral Presentations (Weight 20% - graded as a Pass/Fail)**Due Dates: March 31, April 7 & April 14 (in Zoom sessions)****Aligned course learning outcomes: 1-5**

Student presentations - conference-style format. This final presentation aims to be a synthesis product that highlights and transmits some key learning or aspects of their MSW journey. Students may utilize/integrate technology, such as a website, Prezi, PPT or digital story depending on their own preference and comfort. Each student will be allotted 30 minutes and will be expected to present for 20 minutes and use 10 minutes to engage and respond to questions/comments from audience members. Students will be assessed based on their oral presentation only. Assessment elements will include knowledge of their subject, communication skills (verbal and non-verbal), and interaction skills.

ADDITIONAL ASSESSMENT AND EVALUATION INFORMATION**ATTENDANCE AND PARTICIPATION EXPECTATIONS**

See guidelines above for “Zoom Sessions in Online Classes.”

GUIDELINES FOR SUBMITTING ASSIGNMENTS

Please submit all assignments electronically through their respective Dropbox in D2L. Assignments may be submitted in Word or PDF format. Assignments should have a file name as follows: First name, last name, and assignment number. Assignments are due by 11:59pm on their due date. Please note that it is the student's responsibility to keep a copy of each submitted assignment and to ensure that the proper version is submitted.

LATE ASSIGNMENTS

Late assignments will be accepted only in exceptional circumstances and at the discretion of the instructor. Please contact the instructor prior to the due date.

EXPECTATIONS FOR WRITING

Assignments will be assessed partly on writing skills. Writing skills include not only surface correctness (grammar, punctuation, sentence structure, etc.) but also general clarity and organization. Sources used in research papers must be properly documented and referenced in APA 7th edition format. If you need writing support, please connect with the Student Success Centre at: <https://www.ucalgary.ca/student-services/student-success/writing-support>

ACADEMIC MISCONDUCT

It is expected that all work submitted in assignments is the student's own work, written expressly by the student for this particular course. Students are reminded that academic misconduct, including plagiarism, has serious consequences, as set out in the University Calendar:

<http://www.ucalgary.ca/pubs/calendar/current/k.html>

GRADING

A student's final grade for the course is the sum of the separate assignments. It is not necessary to pass each assignment separately in order to pass the course. The University of Calgary **Graduate Grading System** and Faculty of Social Work Percentage Conversion will be used.
