OUR COMMITMENT TO EQUITY, RACIAL JUSTICE, DIVERSITY, INCLUSION AND DECOLONIZATION

The Faculty of Social Work (FSW), University of Calgary (UCalgary), is committed to promoting and actualizing equity, racial justice, diversity, inclusion and decolonization. We affirm that diversity and uniqueness are enriching and valuable, and that they can strengthen our teaching, learning, research, scholarship, and community connections. We aim to foster an inclusive, thriving and equitable environment for our students, non-academic and academic staff, and community members. We take the stand that [equity](#) does not mean sameness in treatment of people, but rather requires measures and accommodations for diverse life experiences and circumstances to ensure that no one of a particular social group is disadvantaged, underrepresented or overlooked in all aspects of our work. We intend to address systemic inequities and compounded disadvantages due to intersectionality of social locations, particularly for those who are members of racialized communities, Indigenous peoples, Black peoples, persons with disabilities, migrant groups (including refugees and immigrants), 2SLGBTQ+ communities, linguistic minorities as well as those who have experienced socioeconomic, caregiving, religious, political, and/or cultural barriers to their education and employment. We also recognize, honour, and integrate into our work diverse perspectives, ways of knowing and doing, experiences, and strengths. An anti-oppressive lens, particularly intersectional, anti-colonial, anti-racist and decolonizing frameworks, will inform our work.

ASSESSMENT COMPONENTS

All assignments submitted for SOWK 413 are individual. Grading rubrics will be provided on D2L.

1. Integrating Theory and Practice (ITP) Loops

ITP Loop 1 Due Date: October 17, 2022 by 11:59 pm

ITP Loop 2 Due Date: November 21, 2022 by 11:59 pm

Value: 40% (2 x 20%)

Submission: D2L Discussion Board

Format: Essay format; APA 7th edition

Length: 750 to 1250 words

Aligned Course Learning Outcomes: 1 -7

Grading: A grading rubric will be provided

Assignment Details: You will submit two separate ITP loops.

The intent of these assignments is to engage in reflective, collaborative social work practice using a combination of the ITP Loop and Peer Consultation. One of the two ITP Loops must be framed around the issues of promoting and actualizing equity, racial justice, diversity, inclusion, and decolonization. The ITP Loop is a model that allows social workers to deconstruct their practice and break it down into its component parts. At first glance, social work practice appears holistic and intuitive, but it can be unraveled and articulated with much greater detail. Practice itself is a combination of listening, feeling, thinking, and acting in which all these processes occur simultaneously. The ITP loop allows us to take a closer look at these processes with the goal of integrating social work theory and the field education experience. The ITP Loop consists of the following phases: retrieval (remembering a practicum situation), reflection, linkage, and professional response.

Step 1: ITP Loop Process and Write-up Students will apply the ITP loop (see steps below) to a practicum experience and share the issue with students in a seminar. Following feedback and input from students submit a final written version in Discussion Board. We recommend you complete the first four steps of the ITP loop and formulate potential questions prior to presenting in class. You will have fifteen minutes of class for any final edits prior to peer consultation. The submission should include of the following sections (and be about 1 page single spaced):

1. Retrieval - Recall salient facts of a recent practice experience. In a paragraph or two, briefly describe a significant experience that has taken place in your practicum setting. In telling the story, position yourself as the author using the first person. Things to share may include: interactions with significant others, links between present and past experiences, feelings, ideas or meaning making that occurred. As relevant, include the intellectual, spiritual, social, physical, and aesthetic dimensions in the telling of the story.
2. Reflections - Recall your thoughts and feelings about the situation. Focus on the subjective beliefs and attitudes, personal experiences, and cultural world views that are relevant to the situation. Identify how these factors influenced your interaction.
3. Linkage - Identify the key actions you took and explain how you chose those actions. Which practice models, practice wisdom, learned techniques or skills did you consider/use? This is the area where you will bring theory to the issue.
4. Professional Response – consider whether your response was selected through deliberate or intuitive use of reflection and linkage. Do you feel that your response was effective, appropriate, or sufficient? What could you have done differently? How may that have impacted your work? What did you learn about social work practice?
5. Questions to Peers – What 1-3 questions do you have for your peers about this practice experience? What did you learn about your practice from the peer consultation and your research?

Step 2: Providing Feedback to Others. In class, students will be asked to share their ITP loops in a small group. Students are expected to offer helpful, supportive, and resourceful consultation and feedback to

their peers. Students who are unable to participate in the peer consultation portion in class can achieve a maximum of 80% for their ITP Loop write up.

Step 3: Subsequent to the in class consultations students will submit a completed ITP loop, including a summary of their peers' feedback, via Discussion Board as per due dates.

2. Personal Practice Identity

Due Date: December 5, 2022

Value: 40%

Submission: D2L Dropbox

Format: You will create a presentation using PowerPoint, Prezi, Canva, Piktochart, or another platform. Alternative platforms and/or formats for the presentation may be discussed with the instructor.

Length: 15 to 20 minutes

Aligned Course Learning Outcomes: 1 -7

Grading: A grading rubric will be provided.

References: You must incorporate at least 5 articles or books relevant to your practice. You must adhere to APA 7th edition formatting guidelines.

Description: Students are expected to locate themselves in social work practice either through creative expression (Infographic or visual representation) or via a short paper which is 6 pages in length or a recorded oral presentation. It is important to remember that what is unique about a social work practice framework is that it includes a micro level systems analysis as well as attention to the dynamic and changing social environment and how you influence your practice with your personal context and application of experience and values. Your assignment will highlight what has contributed to your professional identity up to this point and identify directions for future growth and learning. There are three potential formats which you can use to develop the assignment:

1. **Paper:** In a word document, integrate the components outlined above in 6 double spaced pages. Submit this via Dropbox or as an attachment in D2L. Summarize your paper using a word cloud and post to the D2L discussion board. <http://wordclouds.com>
2. **Visual representation:** Utilizing your own creativity or a technology-based design program, symbolize the above noted points in a webpage, infographic or consult with your instructor for other visual representations. Post the upload your digital link to the Dropbox. Some free resources to utilize: www.canva.com or www.wix.com and these how to resources <https://visme.co/blog/how-to-make-aninfographic/> and <https://www.youtube.com/watch?v=nShmwzh879g>
3. **Recorded oral presentation:** In a recorded format such as audio or video, integrate the components outlined about in a 10-15 minute oral presentation. Submit this via Dropbox in a .mp3 or .mp4 format. Summarize your presentation using a wordcloud or 2-3 minute audio/video summary and post to the D2L discussion board. <http://wordclouds.com>

This assignment will give you the opportunity to define and discuss your model, theory and/or framework for social work practice, exemplified by your time in the BSW program including field placements and classroom work. Scholarly and practicum experiences come together to influence this perspective. The presentation will illuminate your critical thinking and integration of former and new knowledge.

Whatever format is chosen the following sections are to be included:

- **Professional/personal orientation:** Sources informing your practice (theories, frameworks, approaches, literature, experience). This description of your developing professional and personal lenses should include a discussion of your theoretical practice framework, personal and professional values, social location
- **Links:** between theory and practice should be clearly articulated.
- **Social location** (such as gender, race, age, class, sexual orientation), experiences, and identity in practice
- **Skills:** identify the personal strengths/capacities (existing and emerging) you used as well as any limitations, emerging strengths for practice and the gifts you offer to the profession
- **Directions for future learning or practice** (e.g., skills, topics, approaches, opportunities, further education or professional training)
- **Strategies** for continually improving and reflecting on your practice.
- Students will reflect on and respond to the question: How did the classroom and practice learning from your BSW program influence the emerging social worker you are now?
- **Final reflection/readiness for practice:** putting it all together - what does this all mean for you as a beginning BSW practitioner? Include areas for continued exploration, growth, and professional development.

3. Participation - Self-assessment

Due Date: December 5, 2022 by 11:59pm

Value: 20%

The self-assessment should comment on your level of participation, contributions to the collective learning, final reflections on major learning from the practicum/seminar, a recommended grade out of 10, and a rationale for the recommended grade.

Criteria for class participation include:

- level of sharing of experiences
