#### SYLLABUS STATEMENT

Explores social work research through examination of various approaches (qualitative and quantitative), paradigms and methods, and applies social work research to theories as students develop their professional practice model.

#### COURSE DESCRIPTION

In this course, you will develop your understanding of social work research through examining various approaches, paradigms, and methods. Competence in research is a foundational notion of social work practice and is highlighted in professional codes of ethics. As producers and consumers of research, often in collaboration with and across cognate disciplines, social workers must also ensure that research is conducted with and for the benefit of those served by the profession, across all levels and fields of social work practice, and that it aligns with the values of the profession. A thorough understanding of quantitative, qualitative and mixed methods research, and Indigenous and critical approaches, supports ethical practice. This course will consider the wider array of research methodologies, with a focus on quantitative and qualitative approaches.

#### COURSE LEARNING OUTCOMES

Upon completion of this course, you will be able to:

1. Understand the relationship between research methodologies and philosophical systems that create and maintain ontological frameworks and ways of knowing;
2. Understand the paradigms that inform and differentiate quantitative, qualitative, mixed methods, Indigenous and critical research approaches;
3. Recognize shared understandings and commitments across quantitative, qualitative, mixed methods, Indigenous and critical research approaches in social work practice;
4. Understand how research can inform the profession's efforts to promote social justice;
5. Understand the research design, data collection, and data analysis strategies used in quantitative and qualitative approaches;
6. Demonstrate skills necessary to incorporate quantitative, qualitative and critical research into social work practice irrespective of level or field of practice;

7. Critically evaluate research in social work practice; and
8. Apply course learnings to your specialization and the exit requirements of the MSW program.

## RELATIONSHIP TO OTHER COURSES

As one of four courses offered at the beginning of the MSW program, this course will support you in further developing research skills necessary to critically evaluate existing practice research and identify strategies

to evaluate your practice. This course will assist you as you examine the profession’s commitment to social justice, inclusion, and anti-oppressive models of practice, and as you consider how these core values of the profession combine with an understanding of social policy and fundamental theories of change to frame social work’s unique contribution to change efforts and the promotion of social justice across all levels of practice.

**CLASS SCHEDULE**

The class will consist of 8 Zoom sessions and a few supplemental D2L activities – such as watching a video or recorded presentation prior to class. Please refer to the course D2L site for details and links to supplemental activities.

**ADDITIONAL CLASSROOM CONDUCT AND RELATED INFORMATION**

**GUIDELINES FOR ZOOM SESSIONS IN ONLINE CLASSES**

Students are expected to participate actively in all Zoom sessions. If you are unable to attend a Zoom session, please contact your instructor to arrange an alternative activity for the missed session (e.g., to review a recorded session). Please be prepared, as best as you are able, to join class in a quiet space that will allow you to be fully present and engaged in Zoom sessions. Students will be advised by their instructor when they are expected, if they are able, to turn on their webcam (for group work, presentations, etc.). All students are expected to behave in a professional manner during the session.

The instructor may record online Zoom class sessions for the purposes of supporting student learning in this class – such as making the recording available for review of the session or for students who miss a session. Students will be advised before the instructor initiates a recording of a Zoom session. These recordings will be used to support student learning only and will not be shared or used for any other purpose.

**ASSESSMENT COMPONENTS**

Assessment Method	Assessment Description & Criteria	Due Date	Weight	Aligned Course Learning Outcome
<b>Assignment 1: Initial Reflections on Research</b>	<p>Write a 750-1000 words (approx. 3-4 pages, double spaced) reflection about your perspectives, thoughts, feelings and experiences on the following questions:</p> <ul style="list-style-type: none"> <li>• What are your thoughts and feelings about research in general?</li> <li>• What role, if any, does research play in your everyday practice as a social worker?</li> <li>• From your perspective, how do research, social justice, and social work practice relate to each other?</li> <li>• What one or two things (related to research) would you really like to get out of taking this class?</li> </ul> <p>Marks will be awarded based on depth of self-reflection (vs. description), comprehensive response to each question, and length. Submit your reflection in the D2L Dropbox.</p>	June 3 by 9am	20%	CLOs 4, 7 & 8
<b>Assignment 2: Complete the Research</b>	Complete the Tri-Council TCPS 2 Tutorial Course on Research Ethics (CORE), which can be found online at:	June 8 by 9am	20%	CLOs 1, 4, 6, 7, & 8

<p><b>Ethics TCPS2 CORE Tutorial</b></p>	<p><a href="https://research.ucalgary.ca/conduct-research/ethics-compliance/tcps2-core-tutorial">https://research.ucalgary.ca/conduct-research/ethics-compliance/tcps2-core-tutorial</a> and click on “Go to TCPS2 Core Tutorial” button.</p> <p>Self-register using your @ucalgary email address and complete the tutorial. Please note that this tutorial takes 2-3 hours to complete. Please submit your certificate of completion in the D2L Dropbox to receive marks for this assignment.</p>			
<p><b>Assignment 3: Participation</b></p>	<p>The participation grade awards you marks for your dedication to being an active learner in the different components of the course. The participation grade will be allocated based on the following elements:</p> <ul style="list-style-type: none"> <li>• Your attendance and active participation in the eight Zoom sessions for the course. If you are unable to attend a Zoom session, please contact your instructor prior to class. A missed Zoom session will require that student review the Zoom recording of the class and complete a D2L post that summarizes their reactions and contributions to the topics that were discussed. This D2L post is due before the beginning of the next Zoom class.</li> <li>• Your active engagement, participation in and completion of any supplemental D2L activities for the course – for example, watching a required video or presentation before a session, as outlined by the instructor.</li> <li>• At the end of the term, submit a 1-page self-evaluation of course participation in which you assess your contribution to course activities – a rubric will be posted in D2L.</li> <li>• Your participation mark will be based on your ongoing timely presence in the different aspects of the course and your self-evaluation. Marks will be assigned as follows: <ul style="list-style-type: none"> <li>○ Zoom sessions: 2 marks x 8 sessions = 16 marks</li> <li>○ D2L activities: 4 marks</li> </ul> </li> </ul>	<p>June 18 by 9am</p>	<p>20%</p>	<p>CLOs 1, 2, 3, 4, 5, 6, 7, &amp; 8</p>

<b>Assignment 4: Article Appraisal</b>	<p>One of our major aims as social work practitioners and clinicians is to base our practice on current evidence – i.e., using best-available research evidence to guide our practice. Evidence-based practice requires that we have the knowledge and skills to be critical consumers of research. This assignment will help you to demonstrate your comprehension of research design elements and ability to apply critical research appraisal skills through the review of a quantitative, qualitative, mixed methods, or other research article.</p> <p>For this assignment, you will have an opportunity to search for and select a research article (peer reviewed) from a list provided or one of your own choice in a clinical area of interest to you. Then, you will critically appraise the article that you have chosen following the appraisal rubric which will be posted in D2L.</p> <p>Length: 3000-3500 words (approx. 12-15 pages, double-spaced).</p> <p>Submit your appraisal in the D2L Dropbox.</p>	June 22 by 9am	40%	CLOs 1, 2, 3, 4, 5, 6, 7, & 8

## UNIVERSITY OF CALGARY POLICIES AND SUPPORTS

### PROFESSIONAL CONDUCT

As members of the University community, students and staff are expected to demonstrate conduct that is consistent with the University of Calgary Calendar <http://www.ucalgary.ca/pubs/calendar/current/k-2.html>

Students and staff are also expected to demonstrate professional behaviour in class that promotes and maintains a positive and productive learning environment. Consistent with the aims of the Social Work Program and the University of Calgary, all students and staff are expected to respect, appreciate, and encourage expression of diverse world views and perspectives; to offer their fellow community members unconditional respect and constructive feedback; and to contribute to building learning communities that promote individual and collective professional and personal growth. While critical thought and debate is valued in response to concepts and opinions shared in class, feedback must always be focused on the ideas or opinions shared and not on the person who has stated them.

Students and staff are expected to model behaviour in class that is consistent with our professional values and ethics, as outlined in the Canadian Association for Social Workers, Code of Ethics (2005) and the Alberta College of Social Work Standards of Practice (2019). Both can be found online at: <https://acsw.ab.ca/site/practice-resources?nav=sidebar>

SAS will process the request and issue letters of accommodation to instructors. For additional information on support services and accommodations for students with disabilities, visit [www.ucalgary.ca/access/](http://www.ucalgary.ca/access/). Students who require an accommodation in relation to their coursework based on a protected ground other than disability should communicate this need in writing to their Instructor. The full policy on Student Accommodations is available at <http://www.ucalgary.ca/policies/files/policies/student-accommodation-policy.pdf>

### RESEARCH ETHICS

"If a student is interested in undertaking an assignment that will involve collecting information from members of the public, they should speak with the course instructor and consult the CFREB Ethics Website (<http://www.ucalgary.ca/research/researchers/ethics-compliance/cfreb>) before beginning the assignment.
