LEARNING TECHNOLOGIES AND REQUIREMENTS

Web Delivery

This course is entirely web-based, delivered through Desire2Learn (D2L) and Zoom Meeting platforms.

Desire2Learn

D2L is a course management system that will allow us to share resources, complete related learning activities, and connect with each other via the discussion board and Zoom.

Zoom Sessions

Zoom meeting is an audio-visual, web-based program that will allow us to meet at a specific time for a “live” web conference, so that we can have the opportunity to see and talk to each other virtually and discuss relevant issues. In the Zoom sessions, students can expect to share ideas, give feedback and raise issues as they relate to their own practicum experience and that of their peers, and have the opportunity to process experiences from the field in a safe and instructional environment.

Discussion Board

Online discussion in D2L is a key aspect of our learning in this course. The advantage of the discussion board is that it is asynchronous, that is, we can all contribute at a time that is convenient to each of us. We will participate in exploration of key field practicum themes (as outlined in the practicum learning agreement); case discussions, as well as discussion and debate relating relevant practice.

Confidentiality in Class and Course Assignments

As professionals, students and the instructor will respect the guidelines of confidentiality outlined in the CASW Code of Ethics (2005). We will take care that no information that could identify a client of any service system be used in class meetings or in assignments. We will adhere to the policy that issues introduced in the seminar will be discussed in only general, and not particular ways outside the classroom.

A D2L site is set up for this course which contains required readings and other relevant class resources and materials. A laptop, desktop or mobile device with Internet access, microphone and speaker is required for D2L and Zoom access.

RELATIONSHIP TO OTHER COURSES

The emphasis of SOWK 413 is on practice, that is, social work in action. Because students are expected to apply knowledge, skills and values to specific situations, this course can be related to all other BSW courses. The seminar is taken concurrently with and is directly linked to Practicum II (SOWK 412).

ADDITIONAL CLASSROOM CONDUCT AND RELATED INFORMATION

EQUITY, DIVERSITY AND INCLUSION

The Faculty of Social Work acknowledges the inequities experienced by racialized people, Indigenous people, and other marginalized populations. We aim to foster an environment that recognizes and celebrates diverse perspectives. Therefore, we are committed to eradicating all forms of injustices based on race, gender, ethnicity, sexual orientation, age, socio-economic status, religion, and disability.

GUIDELINES FOR ZOOM SESSIONS IN ONLINE CLASSES

Students are expected to participate actively in all Zoom sessions. If you are unable to attend a Zoom session, please contact your instructor to arrange an alternative activity for the missed session (e.g., to review a recorded session). Please be prepared, as best as you are able, to join class in a quiet space that will allow you to be fully present and engaged in Zoom sessions. Students will be advised by their instructor when they are expected, if they are able, to turn on their webcam (for group work, presentations, etc.). All students are expected to behave in a professional manner during the session.

MEDIA RECORDING FOR ASSESSMENT OF STUDENT LEARNING

The instructor may use media recordings as part of the assessment of students. This may include but is not limited to classroom discussions, presentations, clinical practice, or skills testing that occur during the course. These recordings will be used for student assessment purposes only and will not be shared or used for any other purpose.

ZOOM RECORDINGS OF ONLINE CLASSES

The instructor may record online Zoom class sessions for the purposes of supporting student learning in this class – such as making the recording available for review of the session or for students who miss a session. Students will be advised before the instructor initiates a recording of a Zoom session. These recordings will be used to support student learning only and will not be shared or used for any other purpose.

ASSESSMENT COMPONENTS

1. Integrating Theory and Practice (ITP Loop) 20% each Due: July 14 and July 28

Aligned Course Learning Outcome: 1, 2, 3, 4, 5, 6, 7

The intent of this assignment is to engage in reflective, collaborative social work practice using a combination of the ITP Loop and Peer Consultation. The ITP Loop is a model that allows social workers to deconstruct their practice and break it down into its component parts. At first glance, our practice appears holistic and intuitive, but it can be unraveled and articulated with much greater detail. Practice itself is a combination of listening, feeling, thinking, and acting in which all these processes occur simultaneously. The ITP loop allows us to take a closer look at these processes with the goal of integrating social work theory and the field education experience. The ITP Loop consists of the following phases: retrieval (remembering a practicum situation), reflection, linkage, and professional response.

Step 1: ITP Loop Process and Write-up Students will apply the ITP loop (see steps below) to a practicum experience and submit a digital copy to the instructor via dropbox. We recommend you complete the first four steps of the ITP loop prior to class. You will have fifteen minutes of class for any final edits prior to peer consultation. The submission should be made up of the following sections (and be about 1 page single spaced):

1. Retrieval - Recall salient facts of a recent practice experience. In a paragraph or two, briefly describe a significant experience that has taken place in your practicum setting. In telling the story, position yourself as the author using the first person. Things to share may include: interactions with significant others, links between present and past experiences, feelings, ideas or meaning making that occurred. As relevant, include the intellectual, spiritual, social, physical, and aesthetic dimensions in the telling of the story.
2. Reflections - Recall your thoughts and feelings about the situation. Focus on the subjective beliefs and attitudes, personal experiences, and cultural world views that are relevant to the situation. Identify how these factors influenced your interaction.
3. Linkage - Identify the key actions you took and explain how you chose those actions. Which practice models, practice wisdom, learned techniques or skills did you consider/use?
4. Professional Response – consider whether your response was selected through deliberate or intuitive use of reflection and linkage. Do you feel that your response was effective, appropriate, or sufficient? What could you have done differently? How may that have impacted your work? What did you learn about social work practice?

5. Questions to Peers – What 1-3 questions do you have for your peers about this practice experience? What did you learn about your practice from the peer consultation?

Step 2: Providing Feedback to Others. In class, students will be asked to share their ITP loops in a small group. Students are expected to offer helpful, supportive, and resourceful consultation and feedback to their peers. Students are to submit an emailed copy of their ITP loop, including a summary of their peers' feedback, to the seminar instructor at the end of class. Students who are unable to participate in the peer consultation portion in class can achieve a maximum of 8/10 for their ITP Loop write up.

2. Course Participation – 20% - Ongoing

Aligned Course Learning Outcomes 1, 2, 3, 4, 5, 6, 7

The participation grade awards you marks for your dedication to being an active learner in the different components of the course. The participation grade will be allocated based on the following elements:

- 1) A 150–250-word introductory discussion board posting including a brief description of yourself, your practicum setting (where, who works there, what type of clients you will be working with, supervisory arrangements, etc.) and your first impressions of practicum - including adjusting to the new environment, your initial impressions, questions, goals, challenges, and successes in practicum.
- 2) Your ongoing participation in the Zoom sessions/class discussions. Zoom session attendance is mandatory and you are encouraged to participate fully by sharing new ideas, giving feedback and raising issues as they relate to your field experience. Participation may also include facilitating or co-facilitating small group collegial discussions during Zoom sessions.
- 3) Your participation grade will consider the quality and consistency of your participation, as outlined in the rubric provided in D2L. – At the end of the term, during the final zoom session, students will reflect and present a self-evaluation of course participation in which you assess your contribution to course activities

3. Personal practice identity 40% – Due August 11

Aligned Course Level Outcomes: 1, 3, 4, 5, 6

Students are expected to locate themselves in social work practice either through creative expression (Infographic or visual representation) or via a short paper which is 6 pages in length. It is important to remember that what is unique about a social work practice framework is that it includes a micro level systems analysis as well as attention to the dynamic and changing social environment and how you influence your practice with your personal context and application of experience and values. Your assignment will highlight what has contributed to your professional identity up to this point and identify directions for future growth and learning.

Students will include:

- Sources informing your practice (theories, frameworks, approaches, literature, experience)
- Your social location and identity in practice
- Emerging strengths for practice and the gifts you offer to the profession
- Directions for future learning or practice (e.g., skills, topics, approaches, opportunities, further education or professional training)
- Strategies for continually improving and reflecting on your practice
- Clear statement on self-care practices/routine

Students will reflect on and respond to the following question:

- How did the classroom and practice learning from your BSW program influence the emerging social worker you are now?

Paper

- In a Word document, integrate the components outlined above in six (6) double spaced pages. Submit this via Dropbox.
- Summarize your paper using a word cloud and post to the D2L discussion board. <http://wordclouds.com>

or

Visual representation

- Utilizing your own creativity or a technology-based design program, symbolize the above noted points in a webpage, infographic or consult with your instructor for other visual representations.
- Post the upload your digital link to the dropbox. Some free resources to utilize: www.canva.com or www.wix.com and these how to resources <https://visme.co/blog/how-to-make-an-infographic/> and <https://www.youtube.com/watch?v=nShmwzh879g>
