GUIDELINES FOR ZOOM SESSIONS IN ONLINE CLASSES

Students are expected to participate actively in all Zoom sessions. If you are unable to attend a Zoom session, please contact your instructor to arrange an alternative activity for the missed session (e.g., to review a recorded session). Please be prepared, as best as you are able, to join class in a quiet space that will allow you to be fully present and engaged in Zoom sessions. Students will be advised by their instructor when they are expected, if they are able, to turn on their webcam (for group work, presentations, etc.). All students are expected to behave in a professional manner during the session.

MEDIA RECORDING FOR ASSESSMENT OF STUDENT LEARNING

The instructor may use media recordings as part of the assessment of students. This may include but is not limited to classroom discussions, presentations, clinical practice, or skills testing that occur during the course. These recordings will be used for student assessment purposes only and will not be shared or used for any other purpose.

ZOOM RECORDINGS OF ONLINE CLASSES

The instructor may record online Zoom class sessions for the purposes of supporting student learning in this class – such as making the recording available for review of the session or for students who miss a session. Students will be advised before the instructor initiates a recording of a Zoom session. These recordings will be used to support student learning only and will not be shared or used for any other purpose.

ASSESSMENT COMPONENTS

Assignment 1: Class Facilitations

Due: According to topic in class schedule

Weight: 40%

Learning Outcomes: 1, 2, 3

Framework for the Facilitations:

This is a class facilitation, not a presentation. This assignment is designed to actively engage your class colleagues in the learning process. Class facilitation will include a) presentation (PowerPoint or Prezi), b) a brief overview of key factors associated with the topic, c) learning activities (e.g., case studies, role plays, experiential/interactive exercises) that provide opportunities for class discussion and for the class to apply significant concepts in the selected social work approach. The intent is for the class to experience processes and understandings unique to the policy development process with government. Please note that any PowerPoint or Prezi documents must be provided to the instructor at the end of the class and they will be made available to all students on D2L.

Length: Maximum 45 minute facilitation (includes class involvement and class discussion).

An introduction could briefly describe the key concepts and underlying assumptions of the theory, its historical context, its application to social work practice, and a brief critique (its strengths, its

limitations, ethical and cultural implications, and empirical support for the theory). Explore how the topic area addresses such influences as power, oppression, social justice, social change and community within the context of such factors as class, race, gender, sexual orientation, age, and ability.

A group grade will be assigned after completion of the facilitation. The same grade will be assigned to each individual in the group; however, if you have not contributed to the group to the same extent as the other group members - a demonstration of professionalism and fair practice is required on your part – the instructor expects you, as an individual, to professionally state to the instructor the reasons for your reduced participation and then recommend to the instructor a lower grade for yourself individually than for your group peers.

Grading criteria for class facilitations:

- Quality, clarity and creativity of facilitation
- Understanding of the policy development topic area
- Summarizing the most significant concepts
- Appropriate use of the theory
- Connection to clinical practice
- Engaging the class in meaningful activities to facilitate learning

Assignment 2: Reflection Policy Paper

Due: August 6, 2021 by 11:59 pm

Weight: 20%

Learning Outcomes: 4, 5

You are asked to write a 1000-word paper to share your reflection and viewpoints toward any one of the presentations by the guest speakers or knowledge content area covered in a class. Although you are encouraged to be reflective in writing the paper, the following format for the paper is required to be used: 1) introduction, 2) key messages of guest speakers/knowledge content area covered in class, 3) your perspectives and viewpoints (supported by rationales and reasons), and 4) learning emerged.

Structure of this paper should include:

1. An introduction: Provide an interesting entry point for the readers, a clear and succinct overview of the reflective paper itself
2. Key messages clearly and accurately identified and explained
3. Own perspectives and views are clearly identified and explained with details with legitimate (preferably evidence based) rationales and supporting evidence/arguments
4. Identified own learning from the presentation and clearly discuss the implications of the learning to social policy and policy changes
5. Writing style and grammar.

Assignment 3: Policy Analysis – Policy Infographic

Due: Students will workshop their policy infographic in their groups during class on August 9 & 11.

The infographic is Due: August 12, 2021, no later than 11:59 pm.

Weight: 40%

Learning Outcomes: 5, 6, 7

The purpose of this assignment is to simulate the preparation for policy case presentation to cabinet in support of a policy change. Through this assignment you will identify, collect, and assemble

materials that are relevant and important to understanding a policy change initiative that will be the focus of your memo to cabinet.

Part 1: The class will be divided into five to six groups of five to six students. The groups will align to one of the key policy-change related topics for the course that will be used as the focal point of the presentation. These include: 1) mental health; 2) human services: a) child welfare, b) family violence, 3) employment, social security, living wage, guaranteed annual income; 4) homelessness; 5) families and children; 6) aging; 6) immigration. The instructor has arranged for you to meet with a community agency/stakeholder who is working in this area who will be a key informant for your presentation.

The students will present their work to date to the class on August 9 & 11 to simulate a policy consultation. Students will receive feedback from the class and instructor that they can incorporate into their final Infographic.

Information from multiple sources including internet websites, policy documents, journal papers, and books can be used to 1) provide justifications and rationales for changes required, 2) identify the important conceptual and/or theoretical basis for the changes proposed, 3) provide the information about the expected idea changes, and 4) the strategies and approaches to be adapted to create such plan change.

Part 2: The infographic will allow students to simulate the preparation of a policy case to cabinet for a policy area of interest. This assignment aims to strengthen the students' understanding of the issues and concepts related to the advocacy for a policy area. The memo will be 2-4 pages maximum in length and can be in the form of an infographic. Students can use any free software such as Piktochart or Canva.
