OUR COMMITMENT TO EQUITY, RACIAL JUSTICE, DIVERSITY, INCLUSION AND DECOLONIZATION

The Faculty of Social Work (FSW), University of Calgary (UCalgary), is committed to promoting and actualizing equity, racial justice, diversity, inclusion and decolonization. We affirm that diversity and uniqueness are enriching and valuable, and that they can strengthen our teaching, learning, research, scholarship, and community connections. We aim to foster an inclusive, thriving and equitable environment for our students, non-academic and academic staff, and community members. We take the stand that [equity](#) does not mean sameness in treatment of people, but rather requires measures and accommodations for diverse life experiences and circumstances to ensure that no one of a particular social group is disadvantaged, underrepresented or overlooked in all aspects of our work. We intend to address systemic inequities and compounded disadvantages due to intersectionality of social locations, particularly for those who are members of racialized communities, Indigenous peoples, Black peoples, persons with disabilities, migrant groups (including refugees and immigrants), 2SLGBTQ+ communities, linguistic minorities as well as those who have experienced socioeconomic, caregiving, religious, political, and/or cultural barriers to their education and employment. We also recognize, honour, and integrate into our work diverse perspectives, ways of knowing and doing, experiences, and strengths. An

SYLLABUS STATEMENT

Direct and indirect social work practice opportunities as students integrate course material/theoretical orientations into practice with professional supervision.

COURSE DESCRIPTION

This course provides students, in the first year of their two-year MSW program, with opportunities to apply theory and skills in social work practice settings, and to develop, integrate and reinforce social work practice competence. It is intended to foster students' acquisition of knowledge, values, and skills relevant to emerging conditions of social work practice. Foundational field practicum placements provide students with generalist social work practice learning experiences. Students are expected to develop knowledge and skills at both the micro and macro levels.

Each student is assigned a Faculty Liaison. As the teacher-of-record, the liaison facilitates the seminar that accompanies the placement and is ultimately responsible for student evaluation. Each student also has a Field Instructor, who is the agency or faculty-based social worker from whom the student receives formal supervision, as well as indirect guidance and feedback throughout the practicum. Students' learning in the field is structured to attain five learning objectives (see following pages).

Early in the practicum placement, the student, in consultation with the Field Instructor and Faculty Liaison, develops activities designed to facilitate each objective's achievement. The Field Education Policy Manual and IPT Instructions Booklet contain documents related to various components of the practicum course (e.g. the Learning Agreement, evaluation). Students are encouraged to review the Field Education Policy Manual and IPT Instruction Booklet found online at: <https://socialwork.ucalgary.ca/field-education/policy-manual-other-documents>.

The integrative seminar component of this course will take place **in-person**. There will be 8 sessions throughout the term as indicated in the course schedule. These sessions will include interactive discussions, presentations, and other participatory activities to facilitate the integration of practicum experiences with MSW foundation year course content.

KEY LOGISTICAL INFORMATION ABOUT SOWK 633

- Students are in practicum for a total of 450 hours: 426 hours in the placement and 24 hours in seminar.
- Students are normally in placement four days/week (Tuesday - Friday). The specific schedule is to be negotiated between the student and Field Instructor and communicated to the Faculty Liaison.

- Students are not required to be in practicum during Term Break (February 19-25) unless otherwise arranged with the placement.
- Students have an integrative seminar with the Faculty Liaison eight times during the semester. Time in integrative seminar counts as practicum hours (24 hours of practicum for the entire term).
- Faculty Liaisons meet with students and Field Instructors at least twice per semester, depending on the particular needs associated with the placement. These meetings may take place in-person or on Zoom.
- Evaluation of the student's performance includes input from the student, Field Instructor, and Faculty Liaison.
- Evaluations occur mid-way through and at the end of the practicum.

STUDENT ATTENDANCE IN PRACTICUM

The student's time in their placement is spent according to the particular requirements of the setting and learning needs of the student. Students are not expected to attend when they are ill. In the event of illness, the student should contact their Field Instructor as soon as possible to inform them that they will not be at their placement due to illness. For more extended absences (more than two days), please contact the Faculty Liaison as well. Students are responsible for arranging a convenient time to fulfill the remainder of the practicum hours required to complete the course.

EDUCATIONAL SUPERVISION

Educational supervision is an integral part of the placement as it provides opportunities (2 hours per week, or 1 hour per 15 hours of practicum) for reflection, review, instruction, and feedback. Students are expected to prepare for and participate fully in supervision, according to the requirements of the Field Instructor. This may be structured as individual and/or group sessions and directed by your Field Instructor and/or others depending on the placement. Educational supervision includes:

- a. Instruction: integration of knowledge, values, and skills with practice situations
- b. Supervision: case management and case/project supervision
- c. Feedback: on progress and professional development
- d. Other: instructional seminars/workshops as are available

MSW field education is intended to be consistent with and complementary to the class-based coursework of the curriculum. The learning objectives for the Foundational Field Practicum reflect the objectives of the MSW curriculum for students with a non-social work undergraduate degree. To maximize integration and linkages between classroom and practicum learning, students normally begin SOWK 633 after completing the following courses: History & Foundation of the Profession; Practice with Individuals, Families & Groups; Practice with Organizations & Communities; Models of Practice; Social Policy & Social Justice; Human Behaviour in the Environment; and Issues in Social Work Research. It is recommended that students complete SOWK 633 either concurrently or following the remaining foundation year course (Professional Communication & Interviewing).

ADDITIONAL CLASSROOM CONDUCT AND RELATED INFORMATION

MEDIA RECORDING FOR ASSESSMENT OF STUDENT LEARNING

The instructor may use Zoom media recordings as part of the assessment of students. This may include but is not limited to classroom discussions, presentations, clinical practice, or skills testing that occur during the course. These recordings will be used for student assessment purposes only and will not be shared or used for any other purpose.

ASSESSMENT COMPONENTS

PLACEMENT

Evaluation of students in practica is an ongoing process to highlight students' strengths and learning needs. Formal assessment of students' needs, and progress occurs at the beginning, middle, and end of the placement. Evaluation processes and policies for SOWK 633 are detailed in the Field Education Manual. Briefly, these are:

Learning Agreement: During the first two to three weeks in practicum, the student, in consultation with the Field Instructor, develops a plan for achieving the five practice objectives of SOWK 633.

The plan, approved by the Faculty Liaison, is tailored to meet the particular context of the placement and the student's interests and needs. The Learning Agreement guides the learning activities and focus of the placement and helps the Field Instructor and student clarify respective responsibilities and expectations. Learning Agreements are working documents and activities can be modified, added, or removed as the placement progresses and the student's learning interests and needs become clearer.

Preliminary Impressions: Field Instructors and students are asked to provide preliminary impressions around the end of the third week. Recording preliminary impressions supports the student's development of reflective self-evaluation and facilitates discussion of the student's strengths and potential areas of concern.

Mid-Course Evaluation: At about the halfway point, written mid-practicum ratings and comments are prepared in the IPT system by the student and Field Instructor and discussed with the Faculty Liaison. A determination is made whether the student is meeting, or not, practicum requirements.

Final Evaluation: At the end of the practicum (near or upon completion of required hours), the written final ratings and comments are completed; and the student, Field Instructor, and Faculty Liaison provide ratings and overall comments regarding the student's performance. The Field Instructor recommends a Completed Requirements/Fail grade to the Faculty Liaison. In assigning this grade, the Faculty Liaison will be guided by the Field Instructor's recommendation.

Concerns regarding a student's performance in practicum at any point in the semester may result in the student being identified as at risk for failing the practicum, and such concerns should be discussed with the Faculty Liaison. Policies and procedures related to at-risk situations are detailed in the Field Education Manual.

Students who do not receive a CR (Completed Requirements) grade in SOWK 633 may be required to withdraw from the program. A student who is permitted to repeat a practicum course normally will be required to repeat both the field placement and the corresponding integrative seminar component.

IPT Online System for Completing Practicum and Evaluation Forms

The learning agreement and all other forms relating to practicum, including evaluation forms, are available for students, Field Instructors and Faculty Liaisons to complete online. The IPT system is available online at: <http://www.runiptca.com>.

Instructions and login information will be provided by the beginning of the term. Please contact Wendy Sera at wendy.sera@ucalgary.ca if you do not receive this information.

SEMINAR

All assignments for SOWK 633 are assessed as PASS/FAIL.

1. Analysis of Learning Presentation – staggered presentation/submission dates; additional details will be provided in class and on D2L

Aligned Course Learning Outcomes: 1-7

Description: This assignment will give you the opportunity to define and discuss your model, theory and/or framework for social work practice, exemplified by your involvement with a specific case from your current placement. Scholarly and practicum experiences come together to influence this perspective. The presentation will illuminate your critical thinking and integration of former and new knowledge.

The word “case” is used loosely and, depending on your practicum, could mean an individual, family, group, organizational, community, or systems level case. It could be about a meeting with a client, a workshop you facilitated or attended, a meeting with a supervisor, a component of a research project you engaged in, a team meeting, a presentation you gave, a policy you wrote, an advocacy action you participated in, a meeting with a community partner, etc.

The following sections are to be included:

- **Context/setting:** description of the organization (vision, mission, population(s) served, primary projects or programs, implicit and/or explicit theoretical frameworks) as well as relevant environmental influences (funding, politics, social attitudes, etc.) that you think are important to highlight.
- **Professional/personal orientation:** description of your developing professional and personal lenses relevant to the case. This includes a discussion of your developing theoretical practice framework, personal and professional values, social location (such as gender, race, age, class, sexual orientation), and relevant past experiences.
- **Case description:** description of background and current details about the case; description of your role in relation to the case.

- **Social work action:** description of the action phase of work with the case. This may include the following sub-sections (you do not need to include all of these and which of these you are able to focus on will vary across practicums):
 - engagement and information gathering
 - assessment
 - intervention
 - termination
 - evaluation of effectiveness

Links between theory and practice should be clearly articulated.

- **Skills:** identify the personal strengths/capacities (existing and emerging) you used as well as any limitations.
- **Final reflection/readiness for practice:** putting it all together - what does this all mean for you as a beginning MSW practitioner? What's next as you look forward to being an MSW practitioner? Include areas for continued exploration, growth, and professional development.

Submission: D2L Dropbox

Length: 15 - 20 minutes (+ questions and answers)

Grading Rubric: will be provided as a separate document on D2L

2. Narrative Reflection – each class (x7) and a final summative reflection

Aligned Course Learning Outcomes: 1,6,7

Description: This assignment is based on the concept of “story telling” from a Narrative Approach. Specifically, “capturing events, linked in sequence, across time and according to a theme or plot.” (Tavano, 2022). You will be the narrator of your experience or “story” from the first day of seminar and throughout the term, until the last day where you will *pull it all together* and present to the class.

Your instructor will provide you with cue cards/paper during each seminar. You will have time at the end of each seminar to write a short reflection and submit it to the instructor. You will consider:

- New insights or learnings about your professional social work identity
- Theoretical integration, development, or awareness
- Social location and biases
- Mindfulness
- Self-care practices or gaps in practice
- Emerging or recognized strengths
- Shifts in or development of professional practice
- Other

This is not an online exercise and writing materials will be utilized. Examples and additional details will be provided in class and on D2L by your instructor.

***Confidentiality in Class and Course Assignments:** As professionals, both students and the instructor are expected to respect the guidelines of confidentiality outlined in the Canadian Social Work Code of Ethics and Guidelines for Practice. We will take care that no information that could identify a client of any service system be used in class discussions or written assignments. We will adhere to the policy that issues introduced in the seminar will be discussed in only general and not particular ways outside the seminar classroom.
