

**Winter 2026**

**LAND ACKNOWLEDGEMENT**

Our students, faculty and staff are located across Indigenous lands. On our Calgary campus, we acknowledge and pay tribute to the traditional territories of the peoples who made Treaty 7, which include the Blackfoot Confederacy (comprised of the Siksika, the Piikani and the Kainai First Nations), the Tsuut'ina First Nation and the Stoney Nakoda (including Chiniki, Bearspaw and Goodstoney First Nations). The city of Calgary is also home to the Métis Nation of Alberta (Districts 5 and 6). Our Calgary campus is situated on land northwest of where the Bow River meets the Elbow River, a site known as Moh'kins'tsis to the Blackfoot, Wîchîspa Oyade to the Îyâxe Nakoda (Stoney Nakoda), and Guts'ists'i to the Tsuut'ina and Otos-kwunee to the Metis.

At our Edmonton campus, we acknowledge the Treaty 6 region, the traditional homelands of Cree, Blackfoot, Nakota Sioux, Iroquois, Dene, Ojibway/ Saulteaux/ Anishinaabe, Inuit and Métis people (Districts 9 and 10). We recognize the rich cultural history of the place, now called the City of Edmonton, which has, for centuries, been a traditional gathering place of Indigenous peoples from across Alberta, BC, and Saskatchewan.

At our Lethbridge campus, we acknowledge the traditional territories of the Blackfoot people of the Canadian Plains and pay respect to the Blackfoot people past, present and future while recognizing and respecting their cultural heritage, beliefs and relationship to the land. We offer respect to the Metis and all who have lived on this land and made Lethbridge their home.

**OUR COMMITMENT TO EQUITY, RACIAL JUSTICE, DIVERSITY, INCLUSION AND DECOLONIZATION**

The Faculty of Social Work (FSW), University of Calgary (UCalgary), is committed to promoting and actualizing equity, racial justice, diversity, inclusion and decolonization. We affirm that diversity and uniqueness are enriching and valuable, and that they can strengthen our teaching, learning, research, scholarship, and community connections. We aim to foster an inclusive, thriving and equitable environment for our students, non-academic and academic staff, and community members. We take the stand that [equity](#) does not mean sameness in treatment of people, but rather requires measures and accommodations for diverse life experiences and circumstances to ensure that no one of a particular social group is disadvantaged, underrepresented or overlooked in all aspects of our work. We intend to address systemic inequities and compounded disadvantages due to intersectionality of social locations, particularly for those who are members of racialized communities, Indigenous peoples, Black peoples, persons with disabilities, migrant groups (including refugees and immigrants), 2SLGBTQ+ communities, linguistic minorities as well as those who have experienced socioeconomic, caregiving, religious, political, and/or cultural barriers to their education and employment. We also recognize, honour, and integrate into our work diverse perspectives, ways of knowing and doing, experiences, and strengths. An anti-oppressive lens, particularly intersectional, anti-colonial, anti-racist and decolonizing frameworks, will inform our work.

Please refer to our full statement of our [Commitment to Equity, Racial Justice, Diversity, Inclusion and Decolonization](#), our [Statement on Anti-Black Racism](#) and the work of the faculty's [Anti-Black Racism Task Force](#), our [Statement on Anti-Asian Racism](#), and the university's [Indigenous Strategy](#).

## SYLLABUS STATEMENT

Learners engage in experiential learning through community service and social justice initiatives. Weekly social work supervision during class time will build social work competence and engage you in peer learning while developing your professional social work identity.

## COURSE DESCRIPTION

This course builds upon the Community Engaged Practicum and learning experiences you gained in SOWK 390. You will complete 200 hours of experiential learning, guided by your learning agreement focusing on social work practice, community service, and social justice initiatives.

In addition to your fieldwork hours, you will participate in weekly classes to engage in social work supervision and explore topics such as professional identity, professional practice, human rights and social action. This course will involve interactive discussions, educational supervision, peer learning, and exploration of social work through experiential projects, research, or community engagement.

<sup>1</sup> In the Enrolled Courses table, under Deadlines, click on the Calendar icon by each course and the deadlines will appear.

This course will take place **online** via Desire2Learn (D2L) and Zoom. To best succeed in the course, you are expected to participate in the asynchronous learning tasks using the D2L learning environment and synchronous (live) Zoom sessions. When unable to participate live due to exceptional and unforeseen circumstances, inform the instructor in advance. Propose and implement an alternative participation activity (e.g., watch the recordings, submit a brief reflection, and actively contribute to the follow-up online discussion). Dates and times of synchronous Zoom sessions are indicated in the course schedule.

**Course Hours:** 6 units; (200 hours – 3T)

**Prerequisite(s):** Admission to BSW program (University Transfer route, including After-Degree) and Social Work 201 and Social Work 390 [Social Work 420] with a grade of “C” or better. As this course is CR or F and it is not included in the overall GPA calculation.

**Note:** Students may be completing their practicum at locations that involve additional costs to meet requirements of specific organizations. Students are responsible for all costs associated with practicum activities. Some practicum activities may require variable hours during weekdays, evenings, or weekends.

### LEARNING TECHNOLOGIES AND REQUIREMENTS

#### Web Delivery

This course is entirely web-based, delivered through Desire2Learn (D2L) and Zoom Meeting platforms. A laptop, desktop or mobile device with Internet access, microphone and speaker is required for D2L and Zoom access.

#### Zoom Sessions

Zoom meeting is an audio-visual, web-based program that will allow us to meet at a specific time for a “live” web conference, so that we can have the opportunity to see and talk to each other virtually and

discuss relevant issues. In the Zoom sessions, students can expect to share ideas, give feedback, and raise issues as they relate to their own practicum experience and that of their peers, and can process experiences from the field in a safe and instructional environment.

### **Discussion Board**

D2L Discussion Board may be used during the term as determined by the Instructor and outlined at the beginning of the course.

### **Confidentiality in Class and Course Assignments**

As professionals, students and the instructor will respect the guidelines of confidentiality outlined in the CASW Code of Ethics (2024). We will take care that no information that could identify a service user of any service system be used in class meetings or in assignments. We will adhere to the policy that issues introduced in the class will be discussed in only general, and not particular ways outside the classroom.

## **CONNECTIONS TO PRACTICE**

Following SOWK 390, this course further develops and integrates knowledge and social work skills while exploring self, the social work profession, and your community. Guided by ongoing participation in social work supervision, peer learning, and reflective practice, you will demonstrate a commitment to cultural humility, equity, diversity, inclusion, anti-racism, human rights, and social change. This process includes active participation in weekly in-class supervision. You will articulate your learning in the Learning Agreement, to develop your emerging social work identity, commitment to social justice and practice framework.

## **RELATIONSHIP TO OTHER COURSES**

SOWK 392 builds on the learning from SOWK 390 and is a prerequisite for SOWK 590 and 592.

#### ASSESSMENT COMPONENTS

- Engagement in Class and Practicum Evaluation through attending weekly classes for engagement in learning, peer support, and supervision.
- Learning Agreement and Timesheet: Learning will progress cumulatively each week and be tracked in the learning agreement and timesheet. Your progress will be assessed and evaluated at the beginning, midpoint, and end of the course.

To successfully complete the course, you must meet or exceed the objectives as outlined in the rubric below. This will include ongoing engagement in the weekly activities and reflective prompts outlined in the learning agreement and timesheet.

Evaluation of your progress is an ongoing process that highlights strengths and identifies areas for growth at the beginning, midterm, and end of the practicum. The learning agreement and timesheet is used as a source of weekly reflection on your learning goals and progress in the course, and you will chart your progress each week. The rubric below helps inform the evaluation classes at mid-term and final evaluation.

#### ADDITIONAL ASSESSMENT AND EVALUATION INFORMATION

##### ATTENDANCE AND PARTICIPATION EXPECTATIONS

You are expected to participate actively in all classes. Please be prepared, as best as you are able, to participate openly, respectfully, and honestly in class discussions. You are expected to behave in a professional manner during all class. There is a high emphasis on attendance and participation. You are expected to be fully present and engaged in class activities and discussions. Please refer to the UCalgary calendar for more information on attendance and supporting documentation and the use of a statutory declaration. For students with caregiving roles, if alternative arrangements for care of children cannot be made for a class, children will be welcomed into our class to decrease participation barriers for students with caregiving roles. Please contact your instructor to discuss as needed.

##### ETHICAL APPROACH TO THIS COURSE

This class prioritizes a trauma-informed, decolonization approach, where all participants (teachers and learners) share in relational accountability for creating and maintaining a climate of respectful dialogue and treatment of one another. As social workers and aspiring social workers, reflecting our professional ethics inside and outside of the classroom helps us to build congruence between our personal and professional selves. You are encouraged to participate in critical reflection, personal growth, and skill-development while learning from the instructors, each other, and practitioners in the field. The intent of class is to provide opportunities to make connections between thinking, feeling, doing and being. Our social work roles in social and self-care practices in the context of the practice and the pursuit of social justice will be emphasized. Ethical space, a concept forwarded by Dr. Willie Ermine, will be explored, and practiced in this class.

## **GUIDELINES FOR SUBMITTING ASSIGNMENTS**

Please submit all assignments electronically through their respective Dropbox in D2L. Assignments may be submitted in Word or PDF format. Assignments should have a file name as follows: "Full name and assignment number" (e.g., Jane Smith Assignment 2). Assignments are due before midnight on their due date. Please note that it is the student's responsibility to keep a copy of each submitted assignment and to ensure that the proper version is submitted. If a student is unable to meet an assignment deadline contact the course Instructor as soon as possible.

## **EXPECTATIONS FOR WRITING**

All writing is expected to be written to social work professional standards. If you need writing support, please connect with the Student Success Centre, at: <https://www.ucalgary.ca/student-services/studentsuccess/writing-support>

## **ACADEMIC MISCONDUCT**

It is expected that all work submitted in assignments is the student's own work, written expressly by the student for this particular course. Students are reminded that academic misconduct, including plagiarism, has serious consequences, as set out in the University Calendar: <http://www.ucalgary.ca/pubs/calendar/current/k.html>

## **USE OF ARTIFICIAL INTELLIGENCE TOOLS**

Whenever new tools and technologies are introduced in society, particularly at the scale of Artificial Intelligence in contemporary times, they shake things up and bring forward important ethical considerations. Given the evolving nature of these technologies, it is important to consider the broader implications of AI use in our academic and professional work. Before proceeding with the permitted use of AI (as outlined below), please be thoughtful about how you choose to engage with these tools.

### **Some Use Permitted**

In this course, you are expected to draw upon the required readings and learning activities to complete the assignments. Students may use generative artificial intelligence tools (such as ChatGPT, Claude, or similar applications) in accordance with the instructions and guidelines outlined below.

### **Requirements for AI Use**

Your approved use of AI tools must be documented in an appendix for each assignment. The documentation should include:

1. What tool(s) were used (specific AI applications utilized).
2. How they were used including a description of your interaction with the AI.
3. How the AI generated results were incorporated into your submitted work.
4. What you did to verify the AI generated results - fact-checking and validation steps.
5. What you did to extend your work beyond the AI generated contents - your original contributions.
6. Your critical reflection on ethical use of AI tools showing a thoughtful consideration of implications.

### **Student Responsibilities**

You are ultimately accountable for the work you submit. Use of generative AI outside assessment or assignment guidelines or without proper documentation will be considered a breach of academic integrity.

This course views academic integrity as an opportunity for learning and personal development. If you find yourself uncertain about AI documentation or realize you may have missed citing AI use, please reach out for a conversation. We can work together to understand what happened and find ways to strengthen your approach moving forward. The goal is not perfection but rather developing thoughtful practices around technology use and academic honesty. If issues arise, we will focus on understanding, learning, and making repairs rather than punishment. Open communication about challenges or mistakes is always welcome and encouraged.

## GRADING

The SOWK 392 instructor is both field instructor (practicum supervisor) and instructor-of-record holding the final responsibility for assigning student grades. Students receive a CR (Completed Requirements) or F (Fail) as a grade for this course. Concerns regarding a student's performance in practicum at any point in the semester may result in the student being identified as at-risk for failing the practicum, and such concerns should be discussed with the student's field coordinator immediately. Policies and procedures related to at-risk situations are detailed in the Field Education Manual. Students who do not receive a CR (completed requirements) grade in the field practicum course may be required to withdraw from the program.

## COURSE EXPERIENCE FEEDBACK

At the close of each term, students can provide feedback on their academic learning experience in their courses, including their instructors, through university-wide online surveys. They will receive an email from [UCalgary Course Experience Surveys](#) with direct links to their current course surveys, or they can access within the D2L course shell. Students are welcome to discuss the process and content of the course at any time with the instructor. They are expected to provide comments that are consistent with the [University of Calgary Code of Conduct](#), the [Alberta College of Social Work Standards of Practice \(2023\)](#) and the [Canadian Association of Social Workers Code of Ethics \(2024\)](#).

## UNIVERSITY OF CALGARY POLICIES AND SUPPORTS

### Professional Conduct

As members of the University community, students and staff are expected to demonstrate conduct that is consistent with the University of Calgary's [Code of Conduct](#).

Students and staff are also expected to demonstrate professional behaviour in class that promotes and maintains a positive and productive learning environment. Consistent with the aims of the Social Work Program and the University of Calgary, all students and staff are expected to respect, appreciate, and encourage expression of diverse world views and perspectives; to offer their fellow community members unconditional respect and constructive feedback; and to contribute to building learning communities that promote individual and collective professional and personal growth. While critical thought and debate is valued in response to concepts and opinions shared in class, feedback must always be focused on the ideas or opinions shared and not on the person who has stated them.

Students and staff are expected to model behaviour in class that is consistent with our professional values and ethics, as outlined in the [Canadian Association for Social Workers, Code of Ethics](#) (2024) and the [Alberta College of Social Work Standards of Practice](#) (2023).

### **Academic Accommodation**

It is the student's responsibility to request academic accommodations according to the University policies and procedures. Students seeking an accommodation based on disability or medical concerns should contact [Student Accessibility Services](#) (SAS). SAS will process the request and issue letters of accommodation to instructors. Students who require an accommodation in relation to their coursework based on a protected ground other than disability should communicate this need in writing to their instructor. Please refer to the full policy on [Student Accommodations](#).

### **Research Ethics**

Students are advised that any research with human participants – including any interviewing (even with friends and family), opinion polling, or unobtrusive observation – must have the approval of the [Conjoint Faculties Research Ethics Board](#) or the [Conjoint Health Research Ethics Board](#).

In completing course requirements, students must not undertake any human subjects research without discussing their plans with the instructor, to determine if ethics approval is required. Some courses will include assignments that involve conducting research with human participants; in these cases, the instructor will have applied for and received ethics approval for the course assignment.

### **Academic Misconduct**

For information on academic misconduct and its consequences, please refer to the [Integrity and Conduct](#) section in the University of Calgary Calendar.

### **Instructor Intellectual Property**

Course materials created by professor(s) (including presentations and posted notes, labs, case studies, assignments and exams) remain the intellectual property of the professor(s). These materials may NOT be reproduced, redistributed or copied without the explicit consent of the professor. The posting of course materials to third party websites such as note-sharing sites without permission is prohibited. Sharing of extracts of these course materials with other students enrolled in the course at the same time may be allowed under fair dealing.

### **Copyright Legislation**

All students who use materials protected by copyright are expected to comply with the University of Calgary policy on [Acceptable Use of Material Protected by Copyright](#) and requirements of the [Copyright Act](#) to ensure they are aware of the consequences of unauthorised sharing of course materials (including instructor notes, electronic versions of textbooks etc.). Students who use material protected by copyright in violation of this policy may be disciplined under the [Non-Academic Misconduct Policy](#).

### **Freedom of Information and Protection of Privacy**

Student information will be collected in accordance with typical (or usual) classroom practice. Students' assignments will be accessible only by the authorized course faculty. [Private information](#) related to the individual student is treated with the utmost regard by the faculty at the University of Calgary.

### **Sexual and Gender-Based Violence Policy**

The University recognizes that all members of the University Community should be able to learn, work, teach and live in an environment where they are free from harassment, discrimination, and violence. The University of Calgary's [Sexual and Gender-based Violence Policy](#) guides us in how we respond to incidents of sexual violence, including supports available to those who have experienced or witnessed sexual violence, or those who are alleged to have committed sexual violence. It provides clear response procedures and timelines, defines complex concepts, and addresses incidents that occur off-campus in certain circumstances.
